FOUR CITIES WITHIN GRASP OF RED ARMY

Russian Forces Appear on Way to Winning Some of the Greatest Victories of War

KIEV ABOUT TO FALL

BY HENRY C. CASSIDY
Moscow, Oct. 14.—(P)—The Red army, now inside or on the threshold of four of Russia's large cities—Kiev, Gomel, Zaporozhe and Belitopol—appeared on the way today to winning some of its greatest victories.

Surging across the mud flats of the low, Dnieper river, the Soviets fought their way into Melitopol, a city of 76,000 inhabitants, after breaking the German hold on the Molochna river line.

On the middle Dnieper river, Red army forces within two miles of the Ukrainian capital of Kiev hastened their efforts to take the city before the Nazis could complete demolitions.

Capture of Kiev would be a prize of the first order for the Red army at the time of its capture by the Germans in September, 1941, its population numbered 550,000.

Fifth Army Bridges Important Obstacle In the Path to Rome

BY NOLAND NORGARD
Allied Headquarters, Algiers, Oct. 14.—(P)—British and American troops of Lt. Gen. Mark W. Clark's Fifth Army cracked the strong German lines along the Volturno river in a fierce night attack early yesterday and have established several armor-reinforced bridgeheads across that most formidable obstacle in the path to Rome, Allied headquarters announced today.

Gen. Clark struck at a time to take advantage of favorable weather when dry ground allowed deployment of his forces and after a terrific artillery barrage had softened the enemy's positions on the north bank.

Engineers bridged the Volturno to get American tanks across the stream, which for days had been virtually impassable because of high water.

But the Germans had rushed fresh contingents south from the Rome area in recent days to meet an expected attack, and as the British and Americans clawed their way up the steep banks fierce fighting raged up and down the north side of the stream.

Seven German divisions were in line across Italy to oppose the Allied advance.

This advance was all along the line.

After a heavy fight troops northwest of Benevento captured the town of Guardia, four miles north of the Calore river and only nine miles east of the Volturno. This advance threatened the left flank of the Germans fighting behind the Volturno defenses.

The British and Canadians in the center of the line drove forward five miles. They pursued the enemy and occupied Gildone, less than a mile southeast of Campobasso, and made other gains to swing the east end of their line forward.

But Clark and his seasoned warriors were ready and drove back every German unit which had crossed to the south bank and then launching their own heavy offensive at many points both east and west of Capua.

The Germans fought back fiercely and covered the routes of approach to their positions with machine-gun, mortar and rifle fire and a heavy concentration of shells from their bigger guns back in the hills.

Both the Allied troops battled across the 100 to 200 yard river—some by swimming, some in assault boats and others in amphibious tanks.

A CBS commentator in a broadcast from Algiers said bridgeheads were gained at points both east and west of Capua.

The Germans threw their carefully hoarded fighter plane strength into the fray. One formation of 16 Messerschmitts was beaten off by Spitfires which shot down two and damaged many more.

Swarms of day and night bombers from Allied airmen supported the great drive, hitting at communications, highways, bridges and troop concentrations and enemy airfields.

With only seven divisions arrayed against the Fifth and Eighth armies it was obvious that the Germans had too few troops to make a quick firm stand even along the Gaeta-Pescara line to the north where rough mountains would favor a defense.

In two spearheads the Allied 5th Army under General Clark—Americans, British, Canadians, French—is pressing onward in east and central Italy toward Rome, while General Montgomery's British 8th is moving up the coast on the west, with an inland thrust probable from the Pescara area.

Pittsburgh C. of C. Urges Construction of the Kinzua Dam Prior to the Conemaugh

Pittsburgh, Oct. 14.—(P)—Construction of the government's proposed flood-control dam at Warren prior to erection of the Conemaugh dam was urged by a Pittsburgh Chamber of Commerce committee of engineers today as a means of neutralizing the Allegheny, the city's "river of acid."

Because of a shortage of materials and manpower, neither dam can be built until peace comes, but the C. of C. group would like to see the Warren dam, 200 miles above Pittsburgh, built as soon as possible after the war ends.

The program of the U. S. army engineers, charged with erecting a 10-dam flood control fortress for western Pennsylvania, calls for prior construction of the other reservoir, 57 miles above Pittsburgh on the Conemaugh river.

Either dam, the C. of C. engineers said, will make a difference of about one foot in the flood stage here.

They see an added advantage in the Warren dam in that, they say, it would help get rid of an "economic trouble maker," the sulphuric acid that gets into the Allegheny from the hundreds of coal mines which empty their drainage into the river's tributaries.

Water of the Warren watershed is alkaline, the C. of C. engineers find, and its impoundment and release when needed would make the Allegheny's water fit for domestic and industrial use.

The need of improving Pittsburgh's water supply is one which has long agitated the city fathers. The latest plan for such a purpose was that offered by Mayor Cornelius D. Scully—to bring the waters of French creek here through a viaduct.

This plan, it was estimated, would have cost \$105,000,000 and would have meant the scrapping (Turn to Page Eleven)

LOSS OF TWO DESTROYERS IS REPORTED

Sinking of Warships in Mediterranean and Japanese Bombing Raid on Attu Are Revealed

CASUALTIES UNKNOWN

Washington, Oct. 14.—(P)—Loss of two American destroyers in the Mediterranean was reported today by the navy in a communiqué which also told of an unsuccessful Japanese bombing raid on Attu island in the Aleutians.

The destroyers, the Buck and Bristol both sank as a result of underwater explosions, the navy said.

The Buck, a 1,500-ton ship, went down off Salerno October 9 and the Bristol, a 1,700-ton vessel, was sunk yesterday.

The navy said casualty details had not been received and that next of kin of all casualties will be notified immediately upon receipt of information.

The bombing raid on Attu, taken from the Japanese late in May, was the first carried out since American occupation of that little island on the tip of the Aleutians chain.

Ten Japanese bombers flew over Massacre Bay at a great height, the navy reported. Their bombs were dropped without causing damage.

American fighting pilots flew up to intercept the bombers and they were driven off. No planes were shot down in the engagement.

The Japanese bombers presumably came from the enemy base on Paramushiro, at the northern end of the Kurile Island chain, of which Japan is a part. It was assumed that the unsuccessful bombing was an attempt to halt the American attacks on the Paramushiro base, largest Japanese installation in the North Pacific, which has been hit on various occasions by American bombers flying over the 650 nautical mile route from Attu.

Loss of the two destroyers, each of which carried approximately 250 officers and men, brought to 122 the number of naval craft lost since the war started.

The Buck was placed in service in May, 1940, and the Bristol in October, 1941.

Huntingdon, Oct. 14.—(P)—Election of officers and selection of a 1944 convention city came before delegates of the 81st annual convention of the State Sabbath School in concluding sessions here today.

New Charge Made Against Actor Flynn

Los Angeles, Oct. 14.—(P)—For the third time, Deborah Errol Flynn of the films is facing an allegation that he was indiscreet with a teen-age girl.

Blonde Shirley Evans Hassau, Los Angeles housewife, alleges in a civil action that the handsome actor is the father of her two-year-old daughter, born Nov. 13, 1940, and whom she named Marilyn Evans Flynn.

Last February Flynn was acquitted by a jury of statutory rape charges brought by show girl Peggy Lurie Satterlee, who was 16, and Betty Hansen, formerly of Lincoln, Neb., who was then 17, after he took the witness stand and emphatically denied the accusations.

Mrs. Hassau, 21, who was married last April to Henry Hassau, orchestra singer, alleged in her action filed yesterday that she met Flynn in a night club in February, 1940, when she was 18, and that he subsequently had intimate relations with her. She asks a decree naming Flynn the father.

Late in 1940, court records disclosed, Flynn was sued by the girl's mother, Mrs. Marion Taylor, for personal injuries he allegedly inflicted on Shirley in November of that year. Mrs. Hassau's attorney, Charles B. Taylor, said the film star paid a settlement of \$2,000.

Taylor said that although Flynn was released by the settlement from further claims by Mrs. Hassau, the baby was not covered by it and therefore the child is included as a plaintiff in the present action.

DETECTIVE INSPECTOR IS PRAISED BY JUDGE

Pittsburgh, Oct. 14.—(P)—President Judge G. Malcolm McDonald in common pleas court commended Detective Inspector Walter Monaghan for the slaying of Matthew Kozera, ex-convict accused of killing county Detective Albert J. Lerch 10 days ago.

McDonald said city and county officers had done such a good job of handling organized crime that "the professional criminal steers clear of our district."

TALON OFFICIAL DIES
Meadville, Oct. 14.—(P)—Herbert R. Wairath, 59, executive and director of Talon, Inc., died yesterday. Funeral services will be held here tomorrow with burial in Oldenburg, N. Y., on Sunday. He was vice president and factory manager of the zipper firm since 1937.

Latest Information On New Rationing Books

Washington, Oct. 14.—(P)—Stamp No. 2 in the new ration book No. 4 will be used for buying sugar beginning Nov. 1, the Office of Price Administration (OPA) announced today.

The new book will be distributed in a school house registration the last two weeks of this month.

Continuing the present consumer ration, for another two and one-half months, stamp 29 will be good for five pounds of sugar through January 15, 1944.

Stamp No. 14 in ration book one, good for five pounds since August 16, expires the first day of November, while stamps 15 and 16, which have been used for home canning sugar, expires on the last day of October.

Surprise Raid Drills Banned For Present

Civilian Defense System Is Working Smoothly, Director Says

TRAINING IS COMPLETE

Harrisburg, Oct. 14.—(P)—The State Council of Defense today banned all surprise air raid drills and blackouts in Pennsylvania until further notice but warned the army might order real alarms or tests at any time.

Director Ralph Cooper Hutchison said the civilian defense system is working so smoothly that surprise rehearsals will be dropped and monthly mobilizations of defense corps workers substituted.

The public will not participate in the new drills.

"The State Council of Defense has decided to postpone, until further notice, all surprise practice air raid drills and blackouts unless they are ordered directly by the army," he said in a statement.

Nothing 16 blackouts and eight daylight tests were staged so "the public might learn its duties and also learn to work with the citizens defense corps," Dr. Hutchison declared.

"This phase of training is now completed."

The director said the last blackout (Turn to Page Eleven)

DEPENDENTS CERTAIN TO GET MORE MONEY

Washington, Oct. 14.—(P)—An expensive and generous mood settled over the house today as it prepared to open debate on legislation to provide more money for the dependents of men in the armed forces.

There was considerable talk of voting \$100 a month for a wife with two children, instead of the present \$72.

Chairman May (D-Ky.) took cognizance of the spreading spirit of liberality but predicted nevertheless that the scale recommended by his military committee—\$75 for a wife and one child, \$95 for a wife with two children, and \$15 extra for each additional child—would be upheld when the vote comes, probably tomorrow.

TOT HIT BY TRUCK

Uniontown, Oct. 14.—(P)—Robert Malcolm, 4, of New Geneva, died in Uniontown hospital, victim of a fractured skull suffered when he was hit by a coal truck.

Washington Hotel Guests Quarantined

Washington, Pa., Oct. 14.—(P)—Nearly 400 guests and employees of the George Washington hotel were under quarantine today following discovery of a case of what a local physician diagnosed as smallpox.

The quarantine was invoked at 1:30 a. m. after Dr. F. A. Perkins reported to city health authorities one of the guests had the disease.

Dr. A. W. Hopper, state health officer for Washington county, immediately ordered the vaccination of everyone in the building. Local physicians who made their residence at the hotel assisted and the mass immunization was completed after an extra supply of vaccine was brought from Pittsburgh.

Dr. Hopper said he was awaiting the arrival of Dr. J. M. Campbell, state health director, from Harrisburg before lifting the quarantine.

He did not identify the guest who became ill other than to say it was a 17-year-old resident patron. The youth's condition was reported by Dr. Perkins as "somewhat better today."

Army administration students who take their meals at the hotel were not affected by the quarantine. (Turn to Page Eleven)

Late A.P. War Bulletins

London, Oct. 14.—(P)—U. S. heavy bombers, supported by Thunderbolts, attacked targets in central Germany today.

San Juan, Puerto Rico, Oct. 14.—(P)—In the first hurricane warning to be issued here this season, the weather bureau announced at 9 a. m. today that a storm of near hurricane intensity which had been hovering west of St. Lucia had turned and headed northward toward Puerto Rico.

Stockholm, Oct. 14.—(P)—Such phrases as "according to plan" and "Berlin is informed" have been banned from Danish press headlines on Berlin dispatches because the Danes find them highly amusing, sources in Denmark said today.

Chungking, Oct. 14.—(P)—The Chinese press expressed satisfaction today over Portugal's granting Britain use of Azores bases and Italy's declaration of war on Germany. The newspaper Ta Kung Pao described the Portuguese action as a serious blow to the Axis. The Catholic newspaper Social Welfare called it another move in the encirclement of Hitler's European fortress.

Cairo, Oct. 14.—(P)—The Germans have established new general headquarters for the Balkans in Belgrade, with Field Marshal Baron Maximilian von Weichs as supreme commander and a large staff of generals and other high officers under him, Yugoslavs said today.

London, Oct. 14.—(P)—A German news agency broadcast from Berlin said British troops landed at the mouth of the Volturno river tonight in a flanking attack on German positions in Italy.

Post-War Planners Predict Demobilization Will Be Slow

BY JAMES MARLOW AND GEORGE ZIELKE
Washington, Oct. 14.—(P)—Post-war planners foresee demobilization of the armed forces at a rate of one or two million men a year for four or five years.

A report to the senate post-war committee by a subcommittee's investigators, who interviewed government and private post-war planning groups, states this forecast "as the most probable result of the decline of the war and the policies of occupied territory."

In explanation of "decline of the war," the report speaks of "the winter of 1944-45 when Germany is knocked out, followed by a year or more of pressure against Japan."

The investigators also came to the conclusion that married soldiers probably will be the first to be demobilized.

Both the pessimists and optimists agree, the investigators report, "that if the decline of the war is gradual and if private industry can see its way clear to pick up the ball and run with it as opportunity is afforded, the demobilized forces and war workers may all have jobs waiting for them."

The employment situation, the planners agree, will vary by regions.

Several agencies, the report says, "were especially disturbed about the heavy concentration of war work on the Pacific and gulf coasts."

Free Yugoslav Forces Drive Back Germans

By the Associated Press
London, Oct. 14.—(P)—Strong German forces attempting to storm the town of Tuzla, industrial center dominating the plain leading to Belgrade, have been beaten back and are retreating westward toward Doboj, a commune of the Yugoslav National Liberation Army, broadcast by the Free Yugoslav radio, said today.

This stunning repulse of Nazi forces which for the past several days have been battling for this strategic stronghold, followed by a few hours the announcement that Drug Tito's headquarters that the entire Italian Venezia division, until recently fighting with the Germans, had come over to the patriot cause.

At the same time, however, Tito declared that the Chetnik forces of Gen. Draza Minalovic, King Peter's field commander, and war minister, were arrayed with the Germans against the partisan forces of liberation.

Green Again President of The A. F. of L.

Boston, Oct. 14.—(P)—The American Federation of Labor today chose New Orleans for its convention in November, 1944.

Boston, Oct. 14.—(P)—The American Federation of Labor today re-elected President William Green for his 20th term as head of the labor organization.

Green was nominated by Frank Duffy, of the Carpenters and Joiners' Union, and was re-elected by the casting of a single ballot.

In his acceptance speech, Green forecast a fateful year and said the federation would continue to urge that its "wayward brothers" return.

The convention also re-elected Secretary-Treasurer George Meany. The American Federation of Labor's gesture of welcome to the United Mine Workers put the question of the miners' reaffiliation up to their president, John L. Lewis, today.

The AFL convention attached a condition to its authorization of a charter for the UMW—jurisdictional issues must be negotiated first—but there was no mistaking the federation's willingness to readmit the Lewis union, not only with bonafide mine workers, but possibly even with others workers, provided they are not in the crafts claimed by AFL unions.

It was made clear, too, that to come back Lewis would have to recede from his position that the AFL take the UMW "as is" and talk about jurisdictional after affiliation.

War Veteran Of Prominence Passes Away

Earl R. Small, 209 Madison avenue, well known insurance man and ardent worker in veterans' organizations, died this morning in U. S. Naval Hospital in Philadelphia, where he was taken about three weeks ago from Pocono Haven veterans' hospital.

Born in Forest county October 4, 1878, Mr. Small spent his entire lifetime in Sheffield and Warren. Teaching school for a couple of years in Forest county, he elected as his life work that of agent for the Equitable Life Insurance Company.

Serving in World War I as a sergeant, he was cited for bravery and awarded the Distinguished Service Cross in France. Espousing the cause of veterans after his return to civilian life, he has been for years an ardent worker in the Legion of Valor, the Veterans of Foreign Wars and the American Legion. At the time of his death, he was chairman of the Legion of Valor Foundation committee and service officer for the VFW.

He leaves a sister and three brothers, all away from Warren. The body will be brought here tomorrow and funeral arrangements announced upon arrival of members of the family.

Meeting Held By Council Of Girl Scouts

Mrs. Harold Stahl, reporting for the training committee announced at the monthly meeting of Warren County Girl Scout Council that a minimum of five Warren county members are expected to participate in the national wartime conference to be held by the Girl Scout organization in Cleveland, O., October 26-28, inclusive. A plan of work for 1944-45 will be adopted at that time.

Mrs. Verne Weld, deputy commissioner conducted the meeting in Girl Scout headquarters, with Mrs. J. F. Rogers, Miss Mary Church and Mrs. Robert Carlson as guests.

It was stated that the organization committee is working hard to supply leaders for replacement of those unable to continue and to start new troops where the demand is the strongest. Bear Lake has a large new troop under the leadership of Mrs. Zoe Cochran and Mrs. Mina Whiteley and a Brownie unit for Louisville is in the immediate future.

The large number of Brownie Scouts who are ready to become Girl Scouts necessitates several new troops in Warren. Mrs. J. R. Elliott, chairman of the Girl Scouts service Bureau reported that she as the names of Girl Scouts who will be willing to volunteer their services to care for small children while their mothers serve as Girl Scout leaders.

Mrs. L. B. Connolly reported that Girl Scouting is going forward in Ludlow with a Brownie troop, an intermediate troop and a senior troop meeting under excellent leadership.

Youngsville Girl Scouting was represented by Mrs. Fernand Hubert and Mrs. W. W. Ransom. Recognition of Youngsville Girl Scouts who gave a large number of hours as airplane spotters will be given soon.

Mrs. Robert Carlson, president of the Warren County Girl Scout Leader's Association, described the successful training weekend for which was held at Camp Birdsall Edey recently.

Auto Dealers Discuss State's Safety Plans

More than 100 local automobile dealers, independent repair shop proprietors and other automotive merchants attended a meeting held last night, in cooperation with the Commonwealth's Safety Program, in connection with periodic motor vehicle equipment inspections. The next campaign opens November 1.

This was one of a series of 44 meetings held throughout the State, sponsored by the Pennsylvania Department of Revenue, in line with their campaign to impress upon the industry the importance of their part in the war effort, i. e., to keep present transportation rolling.

Cooperating at those meetings are representatives of the Pennsylvania Department of Revenue, the Pennsylvania State Police, the Pennsylvania Automotive Association (a state-wide organization of automotive merchants) representatives of the industry, and local automotive trade groups.

L. B. Jones acted as chairman of the meeting and introduced the

speaker. The Department of Revenue representative quoted the State Director of Safety, Mr. T. E. Transeau, . . . "While the gasoline and rubber situations are indeed serious, they almost fade into insignificance compared to the prospects of shortages of all kinds of vehicles within the near future. The struggle to keep our now existing vehicles on the road is going to reach a peak very shortly, and this condition will probably exist for several years."

CLASSES FOR FERROUS METALLURGY

The Warren schools in cooperation with the Pennsylvania State College are organizing vocational evening classes in ferrous metallurgy and petroleum refining. Registration for these courses will be held at the Warren High School between the hours of seven and nine o'clock tonight.

The specific purpose in conducting these courses is to equip workers for more effective pursuit of their occupations during the present conflict, prepare them for post-war industrial plans and to give them a good understanding and appreciation of the constantly changing industrial practices.

These courses are open to all men or women employed in the steel and petroleum industries and to those wishing to apply themselves in those fields. It is recommended that the students have as prerequisites high school chemistry and physics, but this will not preclude, however, a student not having such a background from studying the work.

The first year course in ferrous metallurgy deals with the fundamental principles of metallurgy, such as chemistry, physics, pyrometry, metallurgical fuels and their combustions, manufacture of pig iron, malleable iron, wrought iron, etc., while the petroleum refining course does likewise in its respective field.

The classes for the above courses will meet twice weekly, for sessions lasting two and one-half hours.

Further information concerning the courses may be obtained from Lewis C. Cavalier, supervisor of metallurgy extension for the Pennsylvania State College, who will be at the Warren High School between the hours of 6:30 and 9:30 this evening.

HOW GREEN IS OUR VALLEY

(From the bulletin issued in behalf of the Warren County War Fund Drive)

No one can stand at the edge of the parapet at Stony Lonesome and watch the Allegheny unfold from the north in great coils; no one can see how the green-blanketed hills shoulder their way to the river; without feeling some sense of the beauty and remoteness of this special world in which we Warren Countians live. Here the stateliness of the forest is not separated from the richness of the valley land, nor the solemnity of the hill from the gayety of daisied meadows.

Yet to Warren County, with its removed and singular loveliness, have come those events which today, as in the past, have made it realize anew its oneness with the nation and the world. However green may be our valley, we have accepted the challenge of our country's peril. From homes tucked away in the folds of our hills boys have gone to fight on burning beaches. From the sweet security of our streets other boys have gone to navigate the skies and seas of the globe.

This world we live in is, indeed, "one world." Victory at Salerno could not have been won if the citizens of Warren could not have done their manifold duty. Germany could not have been crushed at Stalingrad if the people of Sheffield had fallen down. Lae and Salamaua would not have fallen if Sugar Grove and Russell had shrugged their shoulders. For ultimate victories are as surely won in the thousands of American Warrens and Sheffield and Sugar Groves as one the flaming fronts.

Nearly 3,500 of our boys are in their country's service. Sixteen have given their lives. Four are missing. Several are prisoners. At home we have backed up our boys with consistent effort. Our three Victory Loans have been oversubscribed by percentages ranging up to 140%. State officials have described our County as a "salvage Utopia, doing the best all-around salvage job in the State."

In Civilian Defense, Warren County has a membership of 2,406. Its original Control Center served as a model for many other Counties. The Civilian Service Corps has a County membership of 7,150. We have exceeded our to-date quota of 1,600 blood donors and 2,800 pints of blood. 63 graduates of our Civilian Air Training course are in service. 8 are overseas. 2 have been killed in action. 1 is a prisoner. 40 students completed the Ground Work in 1942; 35 are enrolled in 1943.

With such a proud war record, Warren County must not fail in its greatest single effort to date, the United War Fund. The goal, \$88,700, is the largest in 25 years. Hundreds of devoted workers are giving their time and energy to the job. But the quota will be reached only if each man and woman, each factory and store, each bank, each executive, each worker, accepts the full measure of his responsibility.

Due to the fine cooperation received from old Jupe Pluvius, officials of the State and Federal Forestry Departments may now relax for a while, after weeks of worry and watchfulness.

Interesting Items Taken From The Warren Evening Times

In 1923

Advertising has appeared for the appearance in Warren of Sousa's band, Sousa has appeared many times in Warren, usually on a matinee, and has always been greeted by a large audience as the "March King" is a definite favorite here.

Charles McNeal, William Hart, Ray Irwin, "Heb" Roberts and Edward Hincley of Sheffield and W. J. Farnsworth of Clarendon will leave soon for Canada where they will spend several weeks in a hunting camp.

The open house for boys at the Y last evening was a big success. There were 350 boys and a whole lot of mothers and dads. A program was given and great fun resulted.

The Warren Public Library is a boon to the students of the Warren schools. Hundreds of volumes are in the library which are available for the preparation of lessons and they are being widely used.

A car driven by Lawrence Bingham went over the bank near the Glade Bridge last night and had narrow escape from plunging on down into the river.

In 1933

There will be a music festival at the Salvation Army this evening. The band will play a number of selections and there will be instrumental solos, duets and a sextette will also play.

Miss Lena Fox, of Barnes, who recently entered the training class in a Jamestown Hospital has been the guest of her parents, Mr. and Mrs. William Bennett.

James H. Marshall well known here is at Camp Perry, Ohio where he is aiding in the training of the newly created Ohio State Motor Police.

Ben Allen, 9 years of age of Barnes is in the General Hospital suffering from a leg injury sustained when he was struck by an automobile driven by A. B. Turner of Henry's Mills.

Washington In Wartime

By JACK STINNETT

WASHINGTON — One of the frequently unhappiest, often scrappiest, divisions of the War Production Board is the Office of Civilian Requirements, headed by Arthur D. Whiteside.

His primary objective is to see that the war effort isn't hampered by bottlenecks in civilian necessities. There is no intention on the part of government to fix things up so that civilians in wartime can rock in the lap of luxury, but it does recognize that there is a civilian supply minimum below which health, morale and efficiency might break down and cause home-front setbacks just as vital as the loss of important battles on the fighting front.

That's why OCR is going directly to the source within the next few weeks with one of the most extensive "public opinion polls" that the government has yet conducted. It's going to be a cross-section sampling of the nation's housewives to find out just what war economy has done to homelife and home management; to list all the civilian gripes as well as the sacrifices which are being made cheerfully and might even be extended; and to check up on those things, both national and sectional, which are causing the greatest civilian grief.

I HAVE never been a poll addict. I have always felt that a poll is much like a lie-detector. The answer is there, all right, but it takes a scientific genius to interpret it correctly. However, I have seen the 20-odd page questionnaire which OCR plans to circulate under the direction of the University of Denver's National Opinion Research Center and I have a hunch that the government is going to learn a lot from this one.

Present plans call for presenting it to some 10,000 housewives. OCR is planning to base 1944 civilian requirements on this poll, which makes it about the most important quiz program the government has launched since World War II started.

The questionnaire will cover everything from diaper pins to automobiles and in the kitchen division will range from pots and pans to garbage cans. Sectional and national shortages, price ceiling punctures, black markets and surpluses will be ferreted out.

Investigators are being schooled now in test surveys. OCR will want to know if your bus or trolley service is adequate; if you can get a doctor when you need one; how long it takes you to get a pair of shoes half-soled; if your radio is working and if not, why not; and if you are a farmer's wife, how are you doing on everything from skinning knives to tractors.

AT LONG last (it's on the final pages) the investigators will get around to a few personal questions. They won't be tough. A fair example is that delicate question which so many women shy away from. OCR framed it this way: "What is your approximate age?" If the lady with gray in her hair still hesitates, all the investigator has to do is bow courteously, smile sweetly and say: "May I put down over 30?" To me, the really important thing is that a civilian government agency charged with much responsibility is at last keen on finding out what its charges really need and how much they are suffering or thriving on the present wartime civilian economic diet.

The World and Warren County

This is one of a series of articles describing the work of the various welfare agencies of Warren County. It is written in connection with the Warren County United War Fund campaign for \$88,700. \$49,000 of this total (the largest quota in any drive in a quarter of a century) remains in Warren County.

NATIONAL WAR FUND

THREE FRONTS—ONE CAUSE

SALVATION ARMY

A cold wind whipped down Pennsylvania avenue, sending the snow drifting into doorways. Most of the people who ventured out that cold December day were bundled up in warm overcoats, with gloves and mufflers to protect ears and hands. But not all. For coming down that winter-swept street was a solitary figure. The lapels of his light-weight, worn suit coat were turned up over his chest and held against the bite of the wind by an uncovered hand that was numb with cold. His thin shoes crunched against the snow. He came to a doorway at 218 Pennsylvania avenue, west. He glanced at the lettering—The Salvation Army. Inside it was warm. There were people waiting who would help him.

Who was this man? What was his problem? He might have been a transient; a stranded, bewildered soul who had lost the way on life's highway. Yet, he knew that at the Salvation Army he would not be turned away. He might have been an anxious father with a sick wife or child at home and no money with which to get help. When he turned in that door, he knew that real help would be forthcoming. He might have been so many things—sick, hungry, cold, lost. Regardless of what his problem, there were gentle, understanding people waiting inside to help him, encourage him, get him started on a new road.

How many such cases does the Salvation Army receive? From October 1, 1942, to October 1, 1943, this organization helped 305 families—Warren county families. It gave groceries, including Christmas baskets, to 216 families—Warren county families. It distributed much needed clothing to 83 families—Warren county families. In addition, it supplied to Warren county families medical care, furniture, fuel and rent.

If it had done only that, this organization would deserve the support of the community. But that's far from all. It helped 172 transients, gave 223 meals, gave clothing to 49, and saw that 22 received lodging. Its Young People's organization held 176 meetings, attended by nearly 8,000. The Senior organization held 705 meetings, with an attendance of nearly 20,000.

Yet with all this activity for community betterment, the busy workers of the Salvation Army found time to call on 701 families in Warren county and spend 731 hours in visitation.

The Salvation Army is one of the organizations your contribution to the United War Fund will help support. This army of loyal workers fights on in peace and in war to make the world—and Warren county—a better place in which to live. They've shouldered the extra burdens of wartime along with others in the community. The Salvation Army Ladies' Home League is doing sewing to help the wives of service men; they make and supply sewing kits to boys leaving Warren county for the service; they make layettes for the wives of Service men; they are knitting sweaters, helmets and ear muffs for the boys.

The United War Fund is your opportunity to help the Salvation Army. So when you are called upon between October 18 and 28, be as generous with your money as these workers are of their energy to make Warren a better place in which to live.

What's All This About Nutrition?

BY THE ROAMING REPORTER

Did you ever say to your child, "Come on, now Johnny, eat your carrots!" And if he said, "Why?" Could you answer more than, "Why? Fr, well, ha-rumph—it's good for you! Don't talk. Eat!" Knowing about the foods you serve your family, knowing what each food does to protect health, knowing what ones are needed more often (not what can my pocketbook afford, for some of the best are the cheapest)—Knowing what are the best ways of keeping all the vitamins and minerals... these things make your job of keeping your family well much easier.

If you would learn more of these things about feeding children and adults, go to the Public Health Day program to be held at the Warren High School auditorium Monday evening at 8:30. It is sponsored by the wives of Warren County doctors, the Medical Auxiliary. This year due to the tremendous need for better health to speed war work it was decided to give an evening to the study of the family, and make it open to the public, without admission charge.

The Pre-School Mothers' Clubs will go to this meeting for their regular October get-together. Parent-Teacher groups are going. Mothers and fathers all over the county are invited.

Two movies, "Hidden Hunger" and "Food and Nutrition" will be shown. Miss Ariene M. Schure, home economics advisor will speak on "Foods for Your Family". There'll be a discussion period for questions and answers. You'll learn a lot of things which you'll be able to put to work in your kitchen. There's no admission charge. You'll be glad you gave the time to it, so save next Monday evening and be at the High School auditorium at 8:30!

Captured German and Italian war equipment and modern combat equipment of the United States Army Air Forces will be exhibited in a 15-truck Air Force caravan in Jamestown October 16 and 17. It was announced by Captain John H. Wright of the Civil Air Patrol.

Butter holdings in Pennsylvania cold storage houses increased by nearly one and one-half million pounds during the month of August.

S. F. of A. To Witness Films About Sweden

A number of educational films of Sweden will be shown at the Lodge Rooms of Odin No. 1 Scandinavian Fraternity of America at 8:30 p. m. Friday evening.

One film, entitled, "Sweden's Wartime Adjustment" deals with the different methods whereby Sweden seeks to develop substitutes for scarce materials in order to minimize the disturbance to the economy and the daily life of the nation. A second film, "Swedes at Work and Play" is rich in scenes seldom encountered by the tourist. From it the spectator gathers a vivid impression of the source of much that is strong in the national life for it is a panorama of Sweden's people and their work on the offshore islands, in the inland rural districts, in the northern mountainous region, in typical small towns, and finally in Stockholm. Here are Swedes of all sorts seen at their daily tasks or in their moments of recreation. Finally, "Colorful Sweden," takes one here and there through Sweden to see the many places of interest, color and beauty.

These films should prove very interesting to all persons of Scandinavian descent as well as to others who are interested in the educational value. All members, prospective members and friends of Odin Lodge No. 1, S. F. of A. are cordially invited to attend the showing of these pictures which have been brought here from New York City especially for this occasion.

Hallowe'en To Be Celebrated At No. Warren

That it takes more than a war to daunt the spirit of the North Warren Civic Club is evident from the announcement today that plans are now complete for the organization's annual Hallowe'en Carnival.

The four-day festivities will begin Wednesday, October 27, and continue through Saturday, October 30. The committee in charge consists of Donald Burghardt, chairman; Russell Dietrich, Boyd Sanden and Henry Leebur.

The fun and frolic festival will feature a mammoth indoor carnival which bids to surpass even the highly successful North Warren carnivals of the past. The grand climax of the event will come on Saturday evening, October 30 when \$1,000 in War Savings Bonds will be awarded.

The Rev. Ralph K. Merker, who has been named superintendent of the Presbyterian church's board of national missions, leaves today for Washington, D. C., to take over his duties. He was minister of the First Presbyterian church in Erie for several years.

Installation For Legion Auxiliary By State Director

Mrs. C. A. Atkinson, of Freeport, who is western director of the Pennsylvania American Legion Auxiliary, visited the local unit Wednesday evening for the purpose of installing the following officers:

President, Mrs. Melvin Keller; first vice president, Mrs. K. W. Davis; second vice president, Mrs. Richard Hildum; secretary, Mrs. Howard Casey; assistant, Mrs. Willard Smith; treasurer, Mrs. Milton Witz; historian, Mrs. Reno Morrison; chaplain, Miss Florence Hill; sergeant at arms, Mrs. Theodore Fox.

Mrs. Atkinson gave a fine talk in reporting on the national convention at Omaha. Also a guest at the dinner and meeting was Mrs. Stanley Kahle, president of the Clarion-Jefferson County Council.

Yearly reports were presented by officers and committee heads and it was decided to continue the custom of the annual dinner-dance with post members for Armistice Day. Mrs. Davis, membership chairman, asked that all dues be in at that time.

Delegates named to attend the Inter-county Council meeting at Kane on November 6 were Mrs. Melvin Johnson, Mrs. C. D. Cannon, Mrs. Merle Graham, Mrs. F. A. Johnson, Mrs. Milton Witz, Mrs. Reno Morrison, Mrs. Kay Davis, Mrs. Richard Hildum, Mrs. Theodore Fox, Mrs. Howard Casey. Alternates named were Mrs. Homer Putnam, Mrs. Margaret Rowland, Mrs. Elmer Munksgard, Mrs. S. J. Wallace, Mrs. James Sealise, Mrs. T. N. Dunham, Mrs. Thomas Poy, Mrs. Marvin Wilkins and Mrs. Clarence Agren.

Unusually Fine President's Day At Philomel Club

Members of the Philomel Club gathered in the Woman's Club Wednesday afternoon for one of the most delightful President's Day programs experienced in many seasons.

The program was arranged and given by the club president, Mrs. Allie Russell, who was assisted at the second piano by Hazel L. Miller, graduate of Oberlin Conservatory and newcomer to Warren. She provided an able orchestral accompaniment for Mrs. Russell's flawless playing of the romance and rondo movements of the Chopin Concerto in E Minor and Liszt's 14th Hungarian Rhapsody or Fantasy. In addition, they played as a piano duo the Waltz of the Flowers from Tchaikowski's "Nutcracker Suite" and a two-piano arrangement of "Polly".

Mrs. Russell opened the afternoon's program with a welcome to the members and reference to the years program which has been arranged by Mrs. T. H. Conway and her committee. Programs for the day and an outline of the season's plans were distributed to the membership.

Mrs. Russell announced a study meeting for next Wednesday and a program in two weeks, both in charge of Mrs. Eugene Kuester.

At the close of the program, officers of the club were hostesses for tea in the dining room. Presiding at a table prettily centered with golden pompons were Mrs. N. D. Paterson and Miss Mary Blocher.

MISSIONARY SERIES COMES TO CLOSE

The closing service in the annual missionary convention at the Missionary Alliance church was held Wednesday evening, with Mrs. R. O. Stull, missionary to Peru, as the speaker. She showed interesting pictures of the journey she took with her husband and five-months-old son to the interior and of the work after the mission station was erected. At the close, an offering in cash and pledges was asked for worldwide work of the denomination. A delegation from Jamestown, N. Y., swelled attendance at the closing service.

On Wednesday morning, Mrs. Stull and Rev. L. E. Ryan, of French West Africa, addressed the student body at Beatty school.

JUNIOR PHILOMEL BEGINS SEASON

Vice President Frances Ann Carlson was in charge of the opening meeting of Junior Philomel held at the Woman's Club after school Wednesday. The program for the season was discussed and the day's program presented by the following: Dorothea Peterson, Maxine Ann Beebe, Elizabeth Bathurst, Virginia Johnson, Marilyn Emery, Gloria Hausman was vocalist. Refreshments in the club dining room were also a feature on the day.

TIONA WBA MEETS

Review No. 12, WBA at Tiona, held its regular meeting Wednesday evening at the home of Mrs. Frank Morrison. It was decided that meetings in the future will be changed from the third Wednesday to the second Wednesday of each month.

Games and a review of old photographs provided a pleasant evening, after which refreshments were served. The next meeting will be held at the home of Mrs. Minnie Prick on November 10.

HONORED AT FAREWELLS

Mrs. Charles Struble, who left Monday for her new home in Buffalo, N. Y., was honored at several farewell events, including a tea given by her sister, Mrs. W. D. McElwain, 9 Central avenue.

Others who entertained for her were Mrs. Ralph Theodore, Clarendon Heights; Mrs. Donald Smith, Conewango avenue; Mrs. Daisy Branch and Mrs. William Samuelson.

IS DINNER GUEST

Miss Dorothy Walsh, a bride of the near future, was honored when girls from the office of the Thomas Flexible Coupling Company entertained at dinner at Pittsfield Inn Tuesday evening.

Miss Walsh was presented gifts in the form of a miscellaneous shower from the following: Lillian Blomwell, Betty Callen, Florence Danielson, Jeannette Smith and Bess Walter.

SILVER ANNIVERSARY OF YOUNGVILLE COUPLE

ENTERTAINED AT DINNER

Mrs. Eva Dayger, of Russell entertained at a dinner party yesterday at the home of Mrs. Frank Yeagle, Russell in honor of 12 friends. The tables were well and artistically arranged and the menu served was highly enjoyable. The affair was greatly enjoyed.

Warren Players' Cast Ready For Opening Curtain

Warren Players are all set today for the first performance of their public production, "The Night of January 16th", to be seen at 8:30 this evening at the Woman's Club. A second performance will be given at the same hour on Friday night.

Last evening, the cast gave a fine performance for the entertainment of the High School Dramatic Club members, who turned out in good numbers and were enthusiastic in their response.

To be seen in the cast tonight are Homer Fleming, Jack MacDonald, Betty Field, Art Langdon, Mary Helen Johnson, Dave Smith, Nick Geracimos, Ann Krantz, George Cunningham, Joan Hoyer, Fern Mestert, Gerald McGee, Nelson Johnson, Rachel Mahaffey, T. H. Conway, Helen Morrow, S. W. McClure, Robert Dunham and Anne Marie Dunham.

FOR GRACE MITCHELL

Miss Grace Mitchell, who will be a bride in November, was complimented last evening when Mrs. Robert Amoro entertained eight friends at dinner at LeVan's in Jamestown. The bride-elect was presented a gift by her hostesses.

OTTERBEIN GUILD HOSTESS AT SHOWER

The United Brethren Otterbein Guild met Tuesday evening, with Maxine Uplinger as program leader. A short business session followed, after which games were enjoyed. The evening closed with a miscellaneous shower complimenting Mrs. Carl Patterson, the former Miss Jeannette Nelson.

At a late hour refreshments were served the following: Mrs. Patterson, Mrs. Anderson, Mrs. McWilliams, Maxine Uplinger, Jean Eames, Joyce Callahan, Ruth Rulander, Isabel Shearer and Edith Shearer.

SUGAR GROVE

Sugar Grove, Oct. 5—The PTA of the Sugar Grove Joint Vocational School met in the auditorium, Monday evening with Mrs. John Miller as guest speaker. An open meeting of the Reading Club was held in the school auditorium Tuesday evening with Mrs. F. A. Schoonover presiding in the absence of the president, Mrs. Frank. A part of the season's program this year will be the novel and in preparation for that a moving picture of Oliver Twist was shown by Mr. Frank, also one of Eskimo Life. The meeting opened with the singing of America with Everett Landin, pianist and prayer by Mrs. Carl Perrin. At a brief business meeting at the close of the evening, the resignation of Mrs. Walter Kelley was received and four new members elected. The next meeting will be the annual "Guest Night", at the home of Mrs. Stuart Andersen with Miss Helen Lauffenberger, of the Warren Red Cross, as guest speaker.

Rally Day services for the Presbyterian Sunday school will be combined with the church service at ten o'clock next Sunday. All members of the Sunday school and the congregation are urged to be present.

The October Child Center for Sugar Grove, will be held next Wednesday at 2:30 o'clock in the home economics house.

Miss Helen Abbott, daughter of Mr. and Mrs. Ralph Abbott, left Sunday for Washington, N. J., to take a managerial course at the Western Union school. She has been in the office at Corry the past three weeks.

Prof. Robert Conklin, M. P. stationed at Camp Pickett, Va., spent a few days last week with his parents, Mr. and Mrs. Frank Conklin.

Miss Eugenie Tuley, home economics supervisor at Edinboro High school spent the weekend

with her parents, Mr. and Mrs. E. R. Tuley.

Sugar Grove residents were given a thrill Sunday when Lt. Lloyd Porter flew a bomber over the town circling low over the home of his wife's parents Mr. and Mrs. Stuart Andersen. He is a flying instructor at Greenville, S. C. He also circled several times over the home of his mother, Mrs. Ella Porter at Chandlers Valley. He was returning to his field, from a trip to Buffalo, N. Y.

Mrs. John Stuart accompanied her sister, Mrs. Allan Concoy and baby son Allan to Cleveland, O., Friday and spent the weekend there. Mrs. Concoy is returning there to make her home while her husband is in overseas service.

Shot Cattle, Canned Meat, Then Settled

Arthur Ransom, of Spring Creek was in court yesterday charged with larceny of a couple of heifers from Dr. Waterhouse, of Corry and thereon hangs a tale. Ransom has a farm and the doctor had the heifers. The heifers were of western stock and ambled frequently onto the Ransom farm. Finally tiring of escorting the cattle home Ransom got mad and got his trusty gun and shot a couple of them. And then he canned the meat. Arrest followed and a court appearance faced Ransom and the night before he was to appear his house caught fire and burned to the ground. In court he entered a plea of "guilty". Inasmuch as restitution had been made for the cattle and Ransom agreed to pay all court costs sentence was suspended.

Three juveniles: one from Corry, one from Kane and one from Spring Creek were in court relative to the theft of gasoline from a storage tank of Howard Burleigh, of East Branch. The boys admitted taking from 50 to 60 gallons of the gasoline. Burleigh averred 800 gallons had been taken but the boys denied taking only a small amount. Their case will be acted upon by the Judge later.

Another juvenile from Sugar Grove township is being held in the detention room of the county jail awaiting disposition of his case. The boy was in court yesterday charged with taking articles from neighbors. Recently he took a truck owned by Henry Ward, Youngsville R. D. and rode around with it for several hours. He got into a ditch, then out again and finally Ward caught up with him. The boy is thought to be slightly deficient mentally. He had a hide out built where he used the articles that he took.

A non-support case brought by Mrs. Andrew Perry against her husband was decided by the court in an order requiring Perry to pay his wife \$12.50 per week for her support.

You May Never Have To Take Another Laxative

Most constipated people might be as regular as clock-work—if they would only quit worrying—stop being nervous—take more exercise—watch their diet—and get up mornings an hour or so earlier to give bowels time to act. But who can or wants to do all this?

So—the next best thing is to keep the bowels working as regularly and comfortably as we can—and that's where good old Espozats come in. Why?

Because you may take Espozats at night and expect results in the morning when you get up without waiting around—be- lievably as to leave you feeling weak and washed-out.

AND because they help give the grand, comfortable, satisfying type of movement that makes the spirits soar—and what sour, constipated person could ask for more? Get Espozats at your drugist today and take as directed. 28¢.

Telegraph Companies Are Merged

Consolidation of the Western Union and Postal Telegraph companies, which was effective Friday, Oct. 7th will mean more efficient written communications service for Warren, people, and the nearby towns that are served through the Warren office, it was stated today.

by Mr. Burtette, Western Union Manager.

Merger of the two Telegraph Networks will be in the best interests of the industry and the public, Mr. Burtette said. "Telegraph service will be improved by eliminating uneconomic competition which will permit the utilization of duplicate wire facilities, equipment and personnel for betterment and extension of telegraph service."

The local office of the two telegraph companies will be continued in operation for the present with telephone and messenger connections between the two offices to permit the interchange of telegraph business and bring both networks into one unified system.

Duplicate telegraph printer equipment will be removed from the office of local firms where the volume of business now does require two machines, and in other cases equipment will be installed, to handle the combined load more efficiently. Duplicate call boxes for messenger service in customers' offices will be discontinued. During the integration process the public will continue to see telegraph offices displaying Postal Telegraph sign and messengers wearing the Postal uniform. Existing stocks of Blue telegraph blanks and envelopes and certain other Postal Telegraph forms will be used up in order to conserve the materials under the current paper shortage.

"Although evidences of the Postal Telegraph System will not vanish overnight, the public will nevertheless understand, Mr. Burtette said, "that all telegraph offices will be under the same management regardless of the signs on the windows. Telegrams filed at any telegraph office, whether displaying a Western Union or Postal sign, will be handled over the unified system."

Postal telegraph offices will become Western Union branches and will be listed under "Western Union" in the next issue of the telephone directory. Meanwhile, all telephone calls received at Postal offices will be answered "Postal Telegraph now Western Union." Telegrams may be filed by tele-

Without Painful Backache

Many sufferers relieve nagging backache quickly, once they discover that the real cause of their trouble may be tired kidneys. The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 3 pints a day.

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning some- times shows there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 13 miles of kidney tubes flush out poisons from your blood. Get Doan's Pills.

phone by the number listed either for Western Union or for Postal, as heretofore.

The two local Postal Telegraph employees Mr. Johnson and Miss Koebien have been added to the Western Union service roll as of the effective date of the merger and will receive the same consideration and benefits as though they had been Western Union employees in the past. The local Postal Telegraph messenger is now assigned at the Western Union main office, where all local telegraph deliveries and pick-up of telegrams from customers' offices by messenger are controlled which has resulted in the consolidation of all calls and deliveries. This practice does away with the wasteful duplication of two messengers going into the same office, or nearby office, with a message from each of the branch and main Western Union telegraph offices.

Postal telegraph accounts receivable and payable will be taken over by Western Union, and payments for telegraph service heretofore billed by Postal should be made to Western Union, Mr. Burtette said.

Pupils of the first and second grades of the Oil City public schools will receive the Schick test beginning the week of October 11, according to announcement by J. A. Welty, school physician.

Tionesta Dam Is Providing Good Sport

Since the construction of the Tionesta Dam and the formation of the big lake back of it fishermen and other sportsmen have found that it is providing a home or wild life unequalled in this section. The Tionesta Republican in its last issue contains notes of interest relative to the fish and game life at the dam, as follows:

Saturday afternoon two unidentified fishermen landed large muskies; one, a 28 inch specimen at the rocks below the Lawrence Dam at the mouth of Tionesta Creek and the other a 30 inch whopper in the Tionesta eddy, near the bridge.

"A good sized muskrat house is under construction in the Back Channel near the Harman Ice Plant. Too bad, as all this hard work will be in vain, for if some trapper don't get them the inevitable rise in the creek will flood them out."

"According to Mrs. John Fredericks of the Log House Inn near Nebraska who has been renting out the duck shooting in the Tionesta to fishermen and duck hunters, the dam has been very good so far this season, nice specimens of these pretty creatures having been bagged. But as for us we'd rather see them alive in their natural haunts, then dead and mutilated in a hunter's bag."

Howard Tannery Company and of Loveland to lands of Robert Purdy; thence southerly along lands of said Robert Purdy and of Tony Briskie to a post; thence westerly along lands of said Tony Briskie and Nellie Crowe to the said lands of George MacDonald; thence southeasterly, then southwesterly, then westerly, along the said lands of George MacDonald to the place of beginning, and CONTAINING sixty (60) acres of land, be the same more or less.

Rain Dampens Woods, Checks Fires Raging Over the District

Rain which began falling during the night was of just the kind that the Forestry officials have been asking for during the past few days. The rain was of the slow, soaking variety which did not run off but penetrated into the ground. The men who have been fighting forest fires for the past few weeks are hopeful that it will continue to fall and thoroughly soak the ground.

Sportsmen, too, hailed the rain as it will aid in the saving of much of the fish life over the county. The river has been at such a low stage that many fish have died as the pools were polluted with oil sludge that has been on the river for some days past. The trout streams also saved tracks of coons along the

shores and Jay Pees, of the State Department of Forests and Waters gives it as his opinion that there are more coons than normally. They are adept fishermen and with the water at the present low stage take thousands of fish out of the streams.

The Russell Fire Department was called out twice last evening to extinguish a field fire along the Lovers Lane road. The siren of the Russell fire station summoned the firemen and they had two runs within a few hours to the same spot which was burning briskly.

During the dry spell a number of small plantings of new trees have been burned over and the plantings were a total loss. This work will have to be done over again and is an expensive process.

BROTHERHOOD MEETING

St. Paul's Brotherhood members will meet at the church at 7:30 this evening to hear Rev. J. H. Cruickshank, North Warren minister, tell of his experiences this summer in a Louisiana army camp.

HONORABLE DISCHARGE

Serg. Fred Jurg has arrived home from Camp Chaffee, Ark., where he has been for some time past in training. He has been honorably discharged from the service and will take up work in this section.

DATE MOVED AHEAD

Work is progressing slowly on the new fire station in the Fourth Ward and the date for occupancy of the building by Engine Company No. 3 has been moved ahead. It had been hoped to get into the building by October 1st., but now the date has been set for November 15.

WAS REAL BARGAIN

An error in the advertisement of Montgomery-Ward store yesterday caused a rush of bargain hunters to get to the store bright and early this morning. In an advertisement for \$2.98 dresses the advertisement read "\$2 for 5". Now that would have been a real bargain but the ad should have read "2 for \$5".

POLIO-AT CORRY

The five-year-old son of Mr. and Mrs. W. C. Skinner, South Center street, Corry, is ill in an Erie hospital with poliomyelitis. The child had been ill with a cold for a week and yesterday developed paralysis below the waste. He was taken to the Erie hospital where the ailment was diagnosed as infantile paralysis.

GOING TO JAMESTOWN

Members of the Warren Civil Air Patrol will participate in the Aviation Cadet Rally and Civil Air Patrol Conference at Jamestown Saturday and Sunday, October 16 and 17. Army air force planes, cadets, WACs, Civil Air patrol members and other officials from five states will take part and the gathering promises to be a most interesting one for the Warren participants.

QUOTAS ARE SET

The State Salvage Committee has set the quotas for the various counties of the state in the various kinds of scrap to be picked up. Warren county has been assigned the task of getting out 1050 tons of scrap iron and steel in a six months period; 13 tons of tin cans during November; 192 tons of waste paper during November and 6,000 pounds of used fats. The quota of scrap iron and steel will easily be met, in fact much of it has been met so far but the other quotas will be harder to reach. The securing of scrap iron and steel by school pupils will be facilitated this month by the fact that the schools will be closed over the state on October 25, 26 and 27 for the registration for Ration Book No. 4. County chairman of salvage are being asked for a concentrated drive on these dates.

Loveland to lands of Robert Purdy; thence southerly along lands of said Robert Purdy and of Tony Briskie to a post; thence westerly along lands of said Tony Briskie and Nellie Crowe to the said lands of George MacDonald; thence southeasterly, then southwesterly, then westerly, along the said lands of George MacDonald to the place of beginning, and CONTAINING sixty (60) acres of land, be the same more or less.

AND BEING A PORTION OF the lands left by Lawrence Colegrove, late of the City of Corry, Erie County, Pennsylvania, deceased, who died intestate, the title to said lands vesting in his three sons, Lawrence W. Colegrove, the late Charles B. Colegrove, and the said John I. Colegrove, and an undivided two-thirds interest in and to Parcel No. 6, above described, having been conveyed by Lawrence W. Colegrove and others to John I. Colegrove, the above-named Mortgagor, by deed dated May 16, 1936, and entered in the Recorder's Office of Erie County, Pennsylvania, on October 26, 1936, in Deed Book 379, page 36.

Sold and taken in execution and will be sold as the property of John I. Colegrove at the suit of P. C. Ostergard, G. E. Seavy, Wm. Olney, Commissioners of Warren County, Pennsylvania, and, as such, by virtue of their offices, Trustees of the Hoffman Estate. William C. Stuart, Sheriff of Warren County, Pa. Sept. 30, Oct. 7-14-37

MANY WELLS DRY

The long continued drought has affected wells and springs about the county and in a number of instances farmers are being forced to haul water for their dairy herds. Springs that have held up well in previous times are affected this fall. Streams are also at the lowest ebb in years. Forest trees are being stripped of their leaves due to the dry weather and are adding to the fire danger in the woodlands.

MANY HICKORY NUTS

Persons who are familiar with the woodlands and their products state there are more hickory nuts this year than for many years past. A campaign about 20 years ago for the planting of hickory trees is evidently bearing fruit. The planting of trees that bear nuts is a great aid to the wild life in the woods and hunters report that there are more squirrels this year than for many years passed. Hazel nuts are also growing in goodly quantities.

DRAFT WILL AFFECT FORCE

Warren's police department promises to be affected seriously by the draft within the next few months. One officer, Garry Bean is now serving in the Navy; Louis Gaghan will go to Erie soon and Patrolmen Conboy and Hewitt will be eligible soon along with Lieutenants Evan and Munn. The war has affected police forces in many cities and towns of the state and has made heavy inroads on the State Police forces over the state.

TOMORROW LAST DAY

Friday is the last day for the mailing of Christmas parcels to the men of the Army personnel who are serving overseas. If the parcels are not mailed tomorrow there is no surety that the men will receive their gifts for Christmas. Many are purchasing subscriptions of The Times-Mirror and mailing to the men overseas. These gifts follow the men wherever they go and there are already about 75 papers that are being sent overseas to Warren county men.

NO ACTION HERE

No action is to be taken here under the plan announced by the State Aeronautics Commission relative to building of airports in every town in the state with more than 5000 population. Warren's airport meets the commissions requirements hence no work will be done locally. The commission however asked that the runways of the local port be resurfaced but as yet Council has taken no action on the \$2000 job.

FORMER WARRENITE

Reports from Harrisburg that Norman B. C. Stiteler was chosen president of the Harrisburg Chamber of Commerce at the annual meeting Wednesday recalls to many in Warren that Mr. Stiteler was at one time a resident of this place. Coming here with McClure-Smith and Company interest, he was later associated with the Cinder Block Company. Stiteler was vice president in charge of the chamber's convention and visitors' bureau and chairman of the survey committee of the organization in the past year.

ROLLER RINK TO OPEN

Mr. and Mrs. John Evan announce elsewhere in this issue the opening of the Armory Roller Rink on Hickory street, Friday evening, October 15. They are inviting the parents of the boys and girls to come to the armory with them and see for themselves what a clean, enjoyable sport skating is, and to see how the rink is conducted. Mr. Evan has operated roller rinks for the past 16 years and has always run a clean place. Any parents coming to the rink with their children will be admitted free any of the four evenings it is open.

Farm House Destroyed By Fire On Wed.

Spring Creek, Oct. 14.—The farm home of Arthur Ransom and family, located on the former Clair Morton property, at the foot of Piccadilly Hill, was completely destroyed by fire early Wednesday morning. The flames are said to have spread throughout the house when discovered. It is questionable if the truck could have reached the location in time to have saved any part of the dwelling.

Origin of the blaze was reported as unknown this morning. Persons who saw the reflection cast by the flames, thought that woods fires had again started up in that area where several such fires have given trouble during the past week.

The Franklin school board at its regular meeting Tuesday evening authorized the establishment and operation of a kindergarten November 1 if arrangements now being made can be satisfactorily completed.

Boro Stores Close On Armistice Day

In keeping with a custom established several years ago the Retail Bureau of the Chamber of Commerce has voted unanimously to close stores Armistice Day, Thursday, November 11th.

This year, more than any time since the ending of World War I, it seems vitally important that Armistice Day be observed in a manner in keeping with the occasion and the local merchants are to be commended for taking such action which will make it possible for store owners and employees to participate in the program which is being arranged for the event.

55 PENNSYLVANIANS ON EXCHANGE SHIP

Washington, Oct. 14.—(P)—Fifty-five Pennsylvanians are included in the list of 1,136 American repatriates from the Far East aboard the Japanese exchange liner Teia Maru, made public by the state department last night.

The ship is enroute to Marmagao, Portuguese India, where the passengers will take passage on the Swedish exchange liner Grispsholm for this country.

Italy Will Be Punished For Her Misdeeds

(From Page One)

The provisional committee of directors of the Italian Socialist party in London was frankly antagonistic.

From Algiers came a dispatch saying some Frenchmen predicted the Italian declaration and the Allies' acceptance of the Badoglio government as a co-belligerent would not be welcomed by the French underground, particularly by those groups in southern France where the Italian occupation was most keenly felt.

One Frenchman, the Algiers dispatch said, declared the Allied acceptance of the Italians as co-belligerents might spread a feeling of suspicion regarding the ultimate objectives of the United Nations in Europe.

THREE MEMBERS QUIT ARGENTINA CABINET

Buenos Aires, Oct. 14.—(P)—The government of Gen. Pedro Ramirez Paz accepted the resignations of three cabinet members, all regarded as favoring a break with the Axis.

An official announcement last night said unity of the government would not be affected by the resignations.

Cabinet members who resigned were Jorge Santa Marina, minister of finance; Brig. Gen. Elbio Anaya, minister of justice and public education; and Vice Admiral Ismael Galdinez, minister of public works.

Their withdrawal confronted the Ramirez government with probably its most serious crisis since it assumed power through the June 4 revolution.

U. S. Armada Devastates Rabaul Base

(From Page One)

The Japanese were so completely surprised at Rabaul that they lost only 40 fighters in the air, of which 26 were downed. Low-flying Mitchell bombers raked 151 grounded bombers and fighters while the fighter-protected Liberators went after shipping.

Escorted over Rabaul for the first time in the war by fighters, the Liberators and Mitchells struck by daylight at a base so bristling with defenses that heretofore attacks were made under cover of darkness. But that was before MacArthur acquired forward air bases on islands north of New Guinea.

Just SCRAPS

Here are some recent highlights on the salvage front:

Donald P. Brooks, Sheffield Salvage chairman, recently brought in 1,900 pairs of silk hose and 2 boxes of tin tubes. The Sheffield schools did a superlative job in the recent tin can collection, securing 1 large truck.

J. L. Hunter also brought a large consignment of tin tubes from Tidoute. Youngsville Borough brought in 2 large trucks of cans. Russell gathered a truck load brought in by the Moll Hide Company. James Pascarella of Corydon brought in a large consignment of cans and hosiery. All the schools in the county made excellent collections.

Mrs. Harry W. Conarro turned in a lot of valuable new tubes of pure tin. Enough tin will be obtained from them to manufacture about 2,000 Syrettes. In other words, 2,000 soldiers will be equipped with the most valuable medical weapon the war has thus far produced. Mrs. Conarro also turned in a lot of copper and brass.

E. D. Wetmore, has turned in a his public spirit, has turned in a road scraper, weighing 900 pounds, which will be a substantial addition to Warren County's metal collection.

In a career marked by blunders of all the Scrapper in Tuesday's Times, committed one of the most notable. This was the omission of the name of the Warren Disposal Company from those who had aided in the round-up of tin

cans. As a matter of fact, the Warren Disposal Company made four separate collections on the South side, and brought in many truck loads of cans. The Warren Disposal Company has cooperated 100 per cent at all times with the work of the Salvage Committee. As a matter of fact, we do not know how we could get along without them.

The State Historical Commission is collecting all facts and statistics connected with Pennsylvania's participation in the war. Among these are the monthly reports of W. J. Corbett, chairman of the Warren County Committee. These are kept in the State Archives and when the war is over, a complete history of "Pennsylvania At War" will be compiled. Meanwhile, we have a preview of what it will be like in a recent booklet received by the local committee entitled "Pennsylvania's First Year At War."

The County Salvage Committee has sent 5,000 folders entitled "Why Save Tin Cans?" to the county schools, and 3,000 to the borough schools. This folder should be very helpful in giving the public the basic facts behind the can collections. It tells us among other things that we will be collecting cans for the period of at least two years after the war is over, and that Japan will destroy its tin mines in occupied territory before they are driven out.

Grain Fleet Will Keep RR Busy Long Time

From all indications the local branch of the Pennsylvania railroad which during this summer has been hauling millions of tons of iron ore eastward will have a busy winter. It has just been announced that the grain fleet on the Great Lakes will tie up at Erie this winter instead of at Buffalo. The fact that ice floes tie up the ships in the spring in Buffalo caused the decision. It is felt the fleet can get out of Erie and make one or two trips before the boats could get out of Buffalo.

The grain elevators in Buffalo are now filled with grain and it is figured that November 25th the grain boats will begin to tie up for the winter. Shipments will go east over the Pennsylvania railroad for export to foreign countries and it is expected that the extra crews that were busy this summer will be maintained this coming winter hauling grain.

Traveling Board Coming Next Week to Seek WAVE Recruits

Commander C. McK. Lynch, who is in charge of Naval Officer Procurement in Pittsburgh, said today that a Travelling Board will be in Warren next week to interview, examine, and enlist women of this area for the Waves. The Board will also interview men, college graduates and specialists, who wish to submit their applications for commissions in the United States Naval Reserve.

Commander Lynch explained that the primary purpose of the visit to Warren is to procure the services of women in Warren county and the surrounding area.

Eagle from Erie came for them. Mrs. Lillian Houser of Seattle, Wash. was also a guest of Mrs. Walters, she went to Youngsville Saturday to visit her friend Mrs. Alma Austin.

Mr. and Mrs. Tom Carr and family of Amhurst, Ohio were weekend guests of her parents, Mr. and Mrs. L. V. Oviatt.

Mr. and Mrs. W. K. Bonner of Warren were dinner guests at the home of her parents, Mr. and Mrs. H. B. Wing.

Mrs. Adams, a nurse at the shop whose husband has gone into the army service spent two days last week at the home of his parents at Union City.

Mrs. Lucile Nulph and baby spent yesterday (Tuesday) with her sister, Mrs. W. K. Bonner in Warren.

Mrs. Justine Luce and Mrs. Charles Cox have not been feeling so well for the past few days their many friends hope for their speedy recovery.

"The Waves are playing a very important part in helping to win the war," explained Commander Lynch. "They have proved to be so efficient in performing many types of work that the Navy Department is asking us to enlist many thousands of additional young women in the Women's Reserve."

"It is not necessary for a girl to wait until the Travelling Board comes to Warren in order to enlist. She can come to Pittsburgh today and we will arrange for her enlistment. The purpose of the visit to Warren at this time is to provide girls and young women with further opportunities to obtain information about important jobs the Waves are doing in the Navy. We feel certain that many of them will want to talk to the Wave Officer and Yeoman who will be in town at a later date."

Lieut. M. E. Mellott will be in charge of the Travelling Board. He will be accompanied by Dr. M. Weintrob, Lieut. Commander in the Medical Corps; Ensign Wanda McLaughlin, Wave interviewing officer, and enlisted personnel. They are attached to the Wave and Naval Officer Procurement Offices, Keystone Hotel, Pittsburgh Pa.

The Travelling Board will maintain headquarters in Warren at the West Penn Oil Co.

Interviews will be conducted from 2:00 to 9:00 p. m. on Wednesday, October 20. The Wave and the Lieut. Officers will talk to applicants. Those who qualify will receive physical examinations and further processing.

FARMINGTON UNIT

Mrs. Lloyd Hedges, president, called the meeting of Farmington PTA Monday night with group singing followed by devotions led by Principal Lawrence Order. Routine business included roll call response of 32 from a membership of 49 and penny collection of \$1.79 for Mr. Orner's room. Announcement was made of the second toxoid administration on October 20 and of the coming blood bank visit and need for more donors. The sum

of \$7.35 for a first aid kit and record book was ordered paid and \$5 voted to the Lander Sunshine Club. Tuning and repair of the pianos will be taken up as a project.

Mrs. Frank Wilcox and Daris Bracey were in charge of the program, which included solos by Alice Fehlman, a talk on Nurse's Aide work by Laura Deming, play by pupils of the Thompson Hill school, talk on "Columbus Day" by Chester Baird and group singing. Mr. Orner read a letter from Superintendent John G. Rossman of Warren turning over the money to the motion picture fund. To

conclude, refreshments were served by Mrs. Margaret Day, Mrs. Frank Wilcox, Mrs. Bert Van Ord.

Chief of Police George J. Christoph of Erie, yesterday issued a warning to Erie business houses, particularly theaters, to keep a sharp lookout for "split" \$10 bills, two of which have been passed at motion picture houses here this week.

FOUR CITIES WITHIN GRASP OF RED ARMY

Russian Forces Appear on Way to Winning Some of the Greatest Victories of War

KIEV ABOUT TO FALL

BY HENRY C. CASSIDY

Moscow, Oct. 14.—(P)—The Red army, now inside or on the threshold of four of Russia's large cities—Kiev, Gomel, Zaporozh'e and Melitopol—appeared on the way today to winning some of its greatest victories.

Surging across the mud flats of the lower Dnieper river, the Soviets fought their way into Melitopol, a city of 76,000 inhabitants, after breaking the German hold on the Molochna river line.

On the middle Dnieper river, Red army forces within two miles of the Ukrainian capital of Kiev hastened their efforts to take the city before the Nazis could complete demolitions.

Capture of Kiev would be a prize of the first order for the Red army, at the time of its capture by the Germans in September, 1941, its population numbered 850,000.

London, Oct. 14.—(P)—Fresh divisions of German troops were being rushed to Kiev by the German high command in an effort to fend off the Russian drive against the flaming city long enough to evacuate Nazi troops and equipment. A Reuters dispatch from Moscow said today.

The dispatch asserted that fighting about the Ukrainian capital is the bloodiest since the battles for Orel and Belgorod last summer. With the capitulation of Kiev apparently inevitable, the fall of three other major German defense bases on the Russian front—Melitopol, Zaporozh'e and Gomel—also appeared imminent as Red army forces took new gaps in wavering Nazi defenses.

A Soviet communique broadcast from Moscow said Russian troops already were fighting in the streets of Melitopol and were battling the Germans on the outskirts of the other three. Capture of all four cities would jeopardize the whole German position in Russia and might force a gigantic withdrawal of the Nazi armies to secondary defense lines many miles to the west.

Soviet troops, breaching formidable German defenses in the south Ukraine, forced the Molochna river and surged into the very center of Melitopol in the face of desperate (Turn to Page Eleven)

OPA to Get No Aid Enforcing Rulings

Harrisburg, Oct. 14.—(P)—The Harrisburg district office of the OPA today disclosed that Pennsylvania's Defense Council is without power to aid federal agency by making prosecutions of OPA regulations possible in local or state courts.

Frank J. Loftus, acting district OPA director, said Dr. Ralph Cooper, Harrisburg state defense director, informed him by letter that the justice department had ruled the council is without authority to enforce such help.

Loftus said the OPA had sought authority to prosecute minor infractions of OPA regulations before local magistrates so that the more cumbersome procedure of going into federal courts would be unnecessary.

Post-War Planners Predict Demobilization Will Be Slow

BY JAMES MARLOW AND GEORGE ZIELKE

Kashington, Oct. 14.—(P)—Post-war planners foresee demobilization of the armed forces at a rate of one or two million men a year for four or five years.

A report to the senate post-war committee by a subcommittee's investigators, who interviewed government and private post-war planning groups, states this forecast "as the most probable result of the decline of the war and the ending of occupied territory."

In explanation of "decline of the war," the report speaks of "the inter of 1944-45 when Germany is knocked out, followed by a year or more of pressure against Japan."

Fifth Army Bridges Important Obstacle In the Path to Rome

By NOLAND NORGAARD

Allied Headquarters, Algiers, Oct. 14.—(P)—British and American troops of Lt. Gen. Mark W. Clark's Fifth Army cracked the strong German lines along the Volturno river in a fierce night attack early yesterday and have established several armor-reinforced bridgeheads across that most formidable obstacle in the path to Rome. Allied headquarters announced today.

Gen. Clark struck at a time to take advantage of favorable weather when dry ground allowed deployment of his forces and after a terrific artillery barrage had softened the enemy's positions on the north bank. Engineers bridged the Volturno to get American tanks across the stream, which for days had been virtually impassable because of high water.

But the Germans had rushed fresh contingents south from the Rome area in recent days to meet an expected attack, and as the British and Americans clawed their way up the steep banks fierce fighting raged up and down the north side of the stream.

Seven German divisions were in line across Italy to oppose the Allied advance. This advance was all along the line.

After a heavy fight troops northwest of Benevento captured the town of Guardia, four miles north of the Calore river and only nine miles east of the Volturno. This advance threatened the left flank of the Germans fighting behind the Volturno defenses.

The British and Canadians in the center of the line drove forward five miles. They pursued the enemy and occupied Gildone, less than a mile southeast of Campobasso, and made other gains to swing the east end of their line forward.

But Clark and his seasoned warriors were ready and drove back every German unit which had crossed to the south bank and then launching their own heavy offensive at many points both east and west of Capua.

The Germans fought back fiercely and covered the routes of approach to their positions with machine-gun, mortar and rifle fire and a heavy concentration of shells from their bigger guns back in the hills.

Both the Allied troops battled across the 100 to 200 yard river—some by swimming, some in assault boats and others in amphibious trucks.

CBS commentator in a broadcast from Algiers said bridgeheads were gained at points both east and west of Capua.

The Germans threw their carefully hoarded fighter plane strength into the fray. One formation of 16 Messerschmitts was beaten off by Spitfires which shot down two and damaged many more.

Swarms of day and night bombers from Allied airmen supported the great drive, hitting at communications, highways, bridges and troop concentrations and enemy airfields.

With only seven divisions arrayed against the Fifth and Eighth armies it was obvious that the Germans had too few troops to make a really firm stand even along the Gaeta-Pescara line to the north where rough mountains would favor a defense.

Free Yugoslav Forces Drive Back Germans

By the Associated Press

London, Oct. 14.—(P)—Strong German forces attempting to storm the town of Tuzla, industrial center dominating the plain leading to Belgrade, have been beaten back and are retreating westward toward Doboj, a commune of the Yugoslav National Liberation Army, broadcast by the Free Yugoslav radio, said today.

This stunning repulse of Nazi forces which for the past several days have been battling for a strategic strongpoint, followed by a few hours the announcement by Drug Tito's headquarters that the entire Italian Venezia division, until recently fighting with the Germans, had come over to the patriot cause.

At the same time, however, Tito declared that the Chetnik forces of Gen. Draza Minalovic, King Peter's field commander, and war minister, were arrayed with the Germans against the partisan forces of liberation.

Today's communique said that (Turn to Page Eleven)

Pittsburgh C. of C. Urges Construction of the Kinzua Dam Prior to the Conemaugh

Pittsburgh, Oct. 14.—(P)—Construction of the government's proposed flood-control dam at Warren prior to erection of the Conemaugh dam was urged by a Pittsburgh Chamber of Commerce committee of engineers today as a means of neutralizing the Allegheny, the city's "river of acid."

Because of a shortage of materials and manpower, neither dam can be built until peace comes, but the C. of C. group would like to see the Warren dam, 200 miles above Pittsburgh, built as soon as possible after the war ends.

The program of the U. S. army engineers, charged with erecting a 10-dam flood control fortress for western Pennsylvania, calls for prior construction of the other reservoir, 57 miles above Pittsburgh on the Conemaugh river.

Either dam, the C. of C. engineers said, will make a differential of about one foot in the flood stage here.

They see an added advantage in the Warren dam in that, they say, it would help get rid of an "economic trouble maker," the sulphuric acid that gets into the Allegheny from the hundreds of coal mines which empty their drainage into the river's tributaries.

Water of the Warren watershed is alkaline, the C. of C. engineers find, and its impoundment and release when needed would make the Allegheny's water fit for domestic and industrial use.

The need of improving Pittsburgh's water supply is one which has long agitated the city fathers. The latest plan for such a purpose was that offered by Mayor Cornelius D. Scully—to bring the waters of French creek here through a viaduct.

This plan, it was estimated, would have cost \$105,000,000 and would have meant the scrapping (Turn to Page Eleven)

Green Again President of The A. F. of L.

Boston, Oct. 14.—(P)—The American Federation of Labor today chose New Orleans for its convention in November, 1944.

Boston, Oct. 14.—(P)—The American Federation of Labor today re-elected President William Green for his 20th term as head of the labor organization.

Green was nominated by Frank Duffy, of the Carpenters and Joiners' Union, and was re-elected by the casting of a single ballot.

In his acceptance speech, Green forecast a fateful year and said the federation would continue to urge that its "wayward brothers" return.

The convention also re-elected Secretary-Treasurer George Meany. The American Federation of Labor's gesture of welcome to the United Mine Workers put the question of the miners' reaffiliation up to their president, John L. Lewis, today.

The AFL convention attached a condition to its authorization of a charter for the UMW—jurisdictional issues must be negotiated first—but there was no mistaking the federation's willingness to readmit the Lewis union, not only with bonafide mine workers, but possibly even with others workers, provided they are not in the crafts claimed by AFL unions.

It was made clear, too, that to come back Lewis would have to recede from his position that the AFL take the UMW "as is" and talk about jurisdictions after reaffiliation.

LOSS OF TWO DESTROYERS IS REPORTED

Sinking of Warships in Mediterranean and Japanese Bombing Raid on Attu Are Revealed

CASUALTIES UNKNOWN

Washington, Oct. 14.—(P)—Loss of two American destroyers in the Mediterranean was reported today by the navy in a communique which also told of an unsuccessful Japanese bombing raid on Attu island in the Aleutians.

The destroyers, the Buck and Bristol both sank as a result of underwater explosions, the navy said.

The Buck, a 1,500-ton ship, went down off Salerno October 9 and the Bristol, a 1,700-ton vessel, was sunk yesterday.

The navy said casualty details had not been received and that next of kin of all casualties will be notified immediately upon receipt of information.

The bombing raid on Attu, taken from the Japanese late in May, was the first carried out since American occupation of that little island on the tip of the Aleutians chain.

Ten Japanese bombers flew over Massacre Bay at a great height, the navy reported. Their bombs were dropped without causing damage.

American fighting pilots flew up to intercept the bombers and they were driven off. No planes were shot down in the engagement.

The Japanese bombers presumably came from the enemy base on Paramushiro, at the northern end of the Kurile Island chain, of which Japan is a part. It was assumed that the unsuccessful bombing assault was an attempt to halt the American attacks on the Paramushiro base, largest Japanese installation in the North Pacific, which has been hit on various occasions by American bombers flying over the 630 nautical mile route from Attu.

Loss of the two destroyers, each of which carried approximately 250 officers and men, brought to 122 the number of naval craft lost since the war started.

The Buck was placed in service in May, 1940, and the Bristol in October, 1941.

New Charge Made Against Actor Flynn

Los Angeles, Oct. 14.—(P)—For the third time, debonair Errol Flynn of the films is facing an allegation that he was indiscreet with a "teen-age girl."

Blonde Shirley Evans Hassau, Los Angeles housewife, alleges in a civil action that the handsome actor is the father of her two-year-old daughter, born Nov. 13, 1940, and whom she named Marilyn Evans Flynn.

Last February Flynn was acquitted by a jury of statutory rape charges brought by show girl Peggy Lurie Satterlee, who was 16, and Betty Hansen, formerly of Lincoln, Neb., who was 17, after he took the witness stand and emphatically denied the accusations.

Mrs. Hassau, 21, who was married last April to Henry Hassau, orchestra singer, alleged in her action filed yesterday that she met Flynn, in a night club in February, 1940, when she was 18, and that he subsequently had intimate relations with her. She asks a decree naming Flynn the father.

Late in 1940, court records disclosed, Flynn was sued by the girl's mother, Mrs. Marion Taylor, for personal injuries he allegedly inflicted on Shirley in November of that year. Mrs. Hassau's attorney, Charles B. Taylor, said the film star paid a settlement of \$2,000.

Taylor said that although Flynn was released by the settlement from further claims by Mrs. Hassau, the baby was not covered by it and therefore the child is included as a plaintiff in the present action.

Latest Information On New Rationing Books

Washington, Oct. 14.—(P)—Stamp No. 2 in the new ration book No. 4 will be used for buying sugar beginning Nov. 1, the Office of Price Administration (OPA) announced today.

The new book will be distributed in a school house registration the last two weeks of this month. The present ration book, for another two and one-half months, stamp 29 will be good for five pounds of sugar through January 15, 1944.

Stamp No. 14 in ration book one, good for five pounds since August 16, expires the first day of November, while stamps 15 and 16, which have been used for home canning sugar, expires on the last day of October.

Surprise Raid Drills Banned For Present

Civilian Defense System Is Working Smoothly, Director Says

TRAINING IS COMPLETE

Harrisburg, Oct. 14.—(P)—The State Council of Defense today banned all surprise air raid drills and blackouts in Pennsylvania until further notice but warned the public will not order red alarms or tests at any time.

Director Ralph Cooper Hutchison said the civilian defense system is working so smoothly that surprise rehearsals will be dropped and monthly mobilizations of defense corps workers substituted. The public will not participate in the new drills.

"The State Council of Defense has decided to postpone, until further notice, all surprise practice air raid drills and blackouts unless they are ordered directly by the army," he said in a statement.

Noting 14 blackouts and eight night tests were staged so "the public might learn its duties and also learn to work with the citizens defense corps," Dr. Hutchison declared:

"This phase of training is now complete."

The director said the last blackout (Turn to Page Eleven)

DEPENDENTS CERTAIN TO GET MORE MONEY

Washington, Oct. 14.—(P)—An expensive and generous mood settled over the house today as it prepared to open debate on legislation to provide more money for the dependents of men in the armed forces.

There was considerable talk of voting \$100 a month for a wife with two children, instead of the present \$72.

Chairman May (D-Ky.) took cognizance of the spreading spirit of liberality but predicted nevertheless that the scale recommended by his military committee—\$75 for a wife and one child, \$85 for a wife with two children, and \$15 extra for each additional child—would be upheld when the vote comes, probably tomorrow.

London, Oct. 14.—(P)—U. S. heavy bombers, supported by Thunderbolts, attacked targets in central Germany today.

San Juan, Puerto Rico, Oct. 14.—(P)—In the first hurricane warning to be issued here this season, the weather bureau announced at 9 a. m. today that a storm of near hurricane intensity which had been hovering west of St. Lucia had turned and headed northward toward Puerto Rico.

Stockholm, Oct. 14.—(P)—Such phrases as "according to plan" and "Berlin is informed" have been banned from Danish press headlines on Berlin dispatches because the Danes find them highly amusing, sources in Denmark said today.

Chungking, Oct. 14.—(P)—The Chinese press expressed satisfaction today over Portugal's granting Britain use of Azores bases and Italy's declaration of war on Germany. The newspaper Ta Kung Pao described the Portuguese action as a serious blow to the Axis. The Catholic newspaper Social Welfare called it another move in the encirclement of Hitler's European fortress.

Cairo, Oct. 14.—(P)—The Germans have established new general headquarters for the Balkans in Belgrade, with Field Marshal Baron Maximilian von Weichs as supreme commander and a large staff of generals and other high officers under him, Yugoslavs said today.

London, Oct. 14.—(P)—A German news agency broadcast from Berlin said British troops landed at the mouth of the Volturno river tonight in a flanking attack on German positions in Italy.

U. S. ARMADA DEVASTATES RABAU BASE

Sinking of Three Destroyers and as Many Merchant Ships Claimed By MacArthur

SUBMARINE DAMAGED

BY C. YATES McDANIEL

Allied Headquarters, Oct. 14.—(P)—General MacArthur threw every bomber and fighter plane he could risk in a gigantic smash Tuesday at Japan's key sea-air bastion of Rabaul on New Britain, and the resultant devastation prompted the conservative general to say, "I think we have broken its back."

The raid by the biggest air armada ever amassed in this area "marks the turning point in the war in the South Pacific," declared the airforce commander, Lt. Gen. George C. Kenney.

The far-reaching results—may speed the unhinging of the whole perimeter anchored to Rabaul—were:

Destruction of severe damage of 177 enemy planes, an estimated 60 per cent of the airforce on Rabaul's airfields.

Sinking of at least 17,600 tons of ships, including three destroyers and three merchant ships, as well as 43 small seagoing cargo vessels and 70 harbor craft.

Severe damaging of a submarine, its 5,000 ton tender, a 6,800 ton destroyer tender and a 7,000 ton cargo ship.

Wrecking and firing of wharves and waterfront installations at Simpson harbor, one of the finest in the world.

These accomplishments cost the Allies five planes out of the party. (Turn to Page Eleven)

Washington Hotel Guests Quarantined

Washington, Pa., Oct. 14.—(P)—Nearly 400 guests and employees of the George Washington hotel were under quarantine today following discovery of a case of what a local physician diagnosed as smallpox.

The quarantine was invoked at 1:30 a. m. after Dr. F. A. Perkins reported to city health authorities one of the guests had the disease.

Dr. A. W. Hopper, state health officer for Washington county, immediately ordered the vaccination of everyone in the building. Local physicians who made their residence at the hotel assisted and the mass immunization was completed after an extra supply of vaccine was brought from Pittsburgh.

Dr. Hopper said he was awaiting the arrival of Dr. J. M. Campbell, state health director, from Harrisburg before lifting the quarantine.

He did not identify the guest who became sicker than to say it was a 17-year-old resident patron. The youth's condition was reported by Dr. Perkins as "somewhat better today."

Army administration students who take their meals at the hotel were not affected by the quarantine. (Turn to Page Eleven)

Auto Dealers Discuss State's Safety Plans

More than 100 local automobile dealers, independent repair shop proprietors and other automotive merchants attended a meeting held last night, in cooperation with the Commonwealth's Safety Program, in connection with periodic motor vehicle equipment inspections. The next campaign opens November 1.

This was one of a series of 44 meetings held throughout the State, sponsored by the Pennsylvania Department of Revenue, in line with their campaign to impress upon the industry the importance of their part in the war effort, i. e., to keep present transportation rolling.

Cooperating at these meetings are representatives of the Pennsylvania Department of Revenue, the Pennsylvania State Police, the Pennsylvania Automotive Association (a state-wide organization of automotive merchants), representatives of the industry, and local automotive trade groups.

L. B. Jones acted as chairman of the meeting and introduced the

speaker. The Department of Revenue representative quoted the State Director of Safety, Mr. T. E. Transeau, "... while the gasoline and rubber situations are indeed serious, they almost fade into insignificance compared to the prospects of shortages of all kinds of vehicles within the near future. The struggle to keep our now existing vehicles on the road is going to reach a peak very shortly, and this condition will probably exist for several years."

AT THE HOSPITAL

Admitted Wednesday
Mrs. Essie Toun, Corvdon.
Mrs. Pearl Cobb, 19 Ludlow street.
Mrs. Maybelle Nelson, 309 Fourth avenue.
Donna Mae Cooper, 611 Fifth avenue.

Cassius E. Gilson, 208 Wiloughby avenue.

Discharged Wednesday
Mrs. Faye Branch and baby, 1100 Conewango avenue.
Mrs. Olive Nesmith, Clarendon.
Mrs. Maude Tassier, Kane.
Mrs. Philomena Sealise, 413 Taft Place.
Mrs. Betty Bean, Clarendon.

MEN'S BROTHERHOODS MEETINGS ARE PLANNED

Youngsville, Oct. 13.—The Otterbein Brotherhood of the Youngsville U. B. church will meet Thursday, October 14, at 7:30 p. m., at the home of Alfred Thomas, 109 Oak street. The speaker will be Rev. C. E. Kinney, a former resident of Youngsville and now pastor of Grace U. B. church, Jamestown, N. Y. The program committee is Earl Young and C. M. McIntyre. All men are invited to attend.

The Men's Brotherhood of the Methodist church is meeting Thursday evening at 8:00 o'clock. A good program has been planned. Paul Getts, Warren Jones and H. H. Husted are the social committee for the evening.

War Veteran Of Prominence Passes Away

Earl R. Small, 209 Madison avenue, well known insurance man and ardent worker in veterans' organizations, died this morning in U. S. Naval Hospital in Philadelphia, where he was taken about three weeks ago from Pocono Haven veterans' hospital.

Born in Forest county October 4, 1878, Mr. Small spent his entire lifetime in Sheffield and Warren. Teaching school for a couple of years in Forest county, he elected as his life work that of agent for the Equitable Life Insurance Company.

Serving in World War I as a sergeant, he was cited for bravery and awarded the Distinguished Service Cross in France. Espousing the cause of veterans after his return to civilian life, he has been for years an ardent worker in the Legion of Honor, the Veterans of Foreign Wars, and the American Legion. At the time of his death, he was chairman of the Legion of Honor Foundation committee and service officer for the VFW.

He leaves a sister and three brothers, all away from Warren. The body will be brought here tomorrow and funeral arrangements announced upon arrival of members of the family.

Meeting Held By Council Of Girl Scouts

Mrs. Harold Stohl, reporting for the training committee announced at the monthly meeting of Warren County Girl Scout Council that a minimum of five Warren county members are expected to participate in the national wartime conference to be held by the Girl Scout organization in Cleveland, O., October 26-28, inclusive. A plan of work for 1944-45 will be adopted at that time.

Mrs. Vance Weld, deputy commissioner conducted the meeting in Girl Scout headquarters, with Mrs. J. F. Rogers, Miss Mary Church and Mrs. Robert Carlson as guests.

It was stated that the organization committee is working hard to supply leaders for replacement of those unable to continue and to start new troops where the demand is the strongest. Bear Lake has a large new troop under the leadership of Mrs. Zoe Cochran and Mrs. Mine Whitley and a Brownie unit for Lottsville is in the immediate future.

A large number of Brownie Scouts who are ready to become Girl Scouts necessitates several new troops in Warren. Mrs. J. R. Elliott, chairman of the Girl Scouts service Bureau reported that she as the names of Girl Scouts who will be willing to volunteer their services to care for small children while their mothers serve as Girl Scout leaders.

Mrs. L. B. Connolly reported that Girl Scouting is going forward in Ludlow with a Brownie troop, an intermediate troop and a senior troop meeting under excellent leadership.

Youngsville Girl Scouting was represented by Mrs. Fernand Hubert and Mrs. W. W. Ransom. Recognition of Youngsville Girl Scouts who gave a large number of hours as airplane spotters will be given soon.

Mrs. Robert Carlson, president of the Warren County Girl Scout Leader's Association, described the successful training weekend for which was held at Camp Birdsall Edgy recently.

CARD OF THANKS
We wish to thank all friends, neighbors and relatives for their kindness, floral offerings and use of cars at the time of our recent bereavement.

Obituary

JOHN L. GINTER

Following funeral services in Bradford today, the body of John L. Ginter will be brought to Pine Grove cemetery at Russell, where commitment will take place at 11:30 a. m. Friday.

Mr. Ginter, aged 35 and a resident of Lakewood, O., died in Lutheran Hospital in Cleveland Tuesday after several weeks illness of carcinoma of the liver. He was born in Olean, N. Y., and his family moved to Los Angeles, Calif., the next year. After the death of his mother, Nina Jones Ginter, in 1910, he made his home with relatives in Russell and Warren and was educated in the public schools of these two communities and in Berea College, Berea, Ky.

Surviving are his wife, Kathleen Fahey Ginter; a two-year-old son, John L. Jr.; his father, S. L. Ginter, of Lakewood; two sisters, Mrs. Byron R. Mitchell, of Lakewood, and Mrs. Loe G. Fahey, of Cleveland, as well as many relatives in this vicinity, Bradford and Olean.

MRS. WILLIAM WARREN
Funeral services in memory of Mrs. Lillian Warren, wife of William Warren, of Stoneham, were held at one o'clock yesterday afternoon at the Peterson Funeral Home, conducted by Dr. H. A. Rinard, First Lutheran minister. Interment was made in Westview cemetery at Starbuck, with the following as bearers: Paul Head, Leland Short, Ben Green and Jim Widdell.

Those who attended the rites from out of town were Mrs. Mary Baris and Mrs. Betty Lemon, Salamanca, N. Y.; Mr. and Mrs. Lloyd Pratt, Union City; Mr. and Mrs. Roy Warren, Mr. and Mrs. Lee Warren, Mr. and Mrs. Ray Hill, Erie; Pvt. Robert Eck, Camp Hood, Texas; Mrs. Laura Eck, Mildred, Helena and Virginia Eck, Tiona; Mr. and Mrs. Arch Fredericks, Clarendon; Mr. and Mrs. John Gardner and family, Stoneham.

S. G. MILLER

James S. Miller, 116 Central avenue, received word this morning that his brother S. G. Miller died today at nine a. m., at Vero Beach, Fla., where he has resided for the past twenty years. The body is to be brought here for burial in Oakland. More complete obituary and funeral announcement will be printed later.

MRS. MARY CARLBURG
Funeral services will be held at two o'clock Friday afternoon at the Schoonover Funeral Home in Sugar Grove for Mrs. Mary Carlburg, formerly of that place, but a resident of the Mission Home for the Aged at Frewsburg, N. Y., for the past ten years.

Mrs. Carlburg passed away at the home Tuesday evening at eight o'clock. She is survived by seven step-children and two nieces. Removal has been made to the funeral home and friends may call there.

Stamp News

RUSSIA'S victorious fighters are glorified in a new set of five pictorial stamps issued by the Soviet Union. Like recent Russian pictorials, the new stamps, issued early in June, vividly portray Red Army troops in action against the Axis enemy.

Three soldiers operating a mine-thrower are pictured on a yellow-brown 30-kopek stamp. Another 30-k dark green portrays two women of the medical corps carrying a wounded, bandaged soldier from a gun emplacement while a shell bursts nearby, and a third 30-k value in deep green depicts a young scout guiding a soldier to a hidden giant enemy gun. Two 60-k values are included in the set, one, a bright blue, portraying a sniper, wearing a white hood and crouching beneath a snow-covered evergreen, as he draws a bead on the enemy. The second, dark green in color, pictures an attack on a Nazi tank unit. Commemorating a heroic incident in the defense of Moscow, the stamp bears the inscription "Commemorating the 28 Red Army Men—Panfilov's."

The last word is the name of the regiment.

Russia also has issued a 60-k

dull red stamp of the same design as its 1939 "Arms of the U.S.S.R." issue.

Paraguay has commemorated the 450th anniversary of Columbus' discovery of America with a set of four stamps and has marked the achievements of President Morinigo's three-year plan for the South American nation with a large, light blue seven pesos stamp. The central design of the Columbus issue is the scene as Columbus sighted land, and the issue includes these values and colors: 50 centavos purple; 1 peso olive black; 5-p green and 7-p ultramarine. The three-year plan commemorative pictures President Morinigo and a three-way montage of modern highway, agriculture and industry. In a bottom panel is the inscription "1940—Plan Trienal—1943."

Another South American nation, Venezuela, has issued five airmails carrying new values. Of the same design as its 1940 issue, the new values and colors are: 30 centimos, purple; 40-c, blue green; 90-c, red orange; 1.20 bolivares, green, and 2-b, rose carmine.

Church Door Found Open By Local Cops

While the perigrinating coppers sleuthed about the town last night they found the big front door of the First Presbyterian Church open. As usual they investigated thinking perhaps some one had entered the church. A tour of the church was made and it was then found that a rear door leading into the church business office was also open. A check-up was made and the Rev. Harold Warren was summoned to the church and after carefully going through all parts of the building it was found that nothing had been disturbed and the doors were locked. Just another of the nightly trips due to unlocked doors discovered by the police.

A car which has been parked at the South End of the bridge for about a week was checked. The license plate showed it to be owned by Paul Buckels, Houston, Pa. The state police have no record of its having been stolen.

Boys whose wethers ought to be massaged by their Dads were discovered to be on a rampage last evening. One group had a BB gun with which they were testing their skill on windows of the Sylvania plant. The cops now have a BB gun. Another group lost their football when they kicked it into a window of a home and the cops ought to have some athletic equipment for the annual picnic. And another group of boys were tossing tomatoes at a house. The cops will lend any day a good stout leather belt to be applied where it will do the most good.

FORMING NEW REGIMENT

Col. Earle McCa, of the Pennsylvania State Guard announced last night the formation of a new regiment of Pennsylvania guardsmen. When completed the new regiment will comprise practically the same territory as the old 112th. Headquarters will be in Oil City. The special and service company will be in Franklin. The company will have line companies composed of 73 men and three officers with three companies to a battalion and three battalions to a regiment plus the headquarters and special companies.

STREAMS ARE LOW

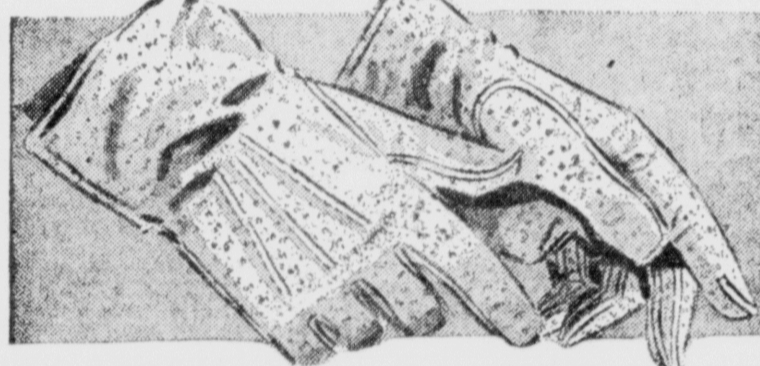

Fishermen who have been along the trout streams of the county of late are bemoaning the fact that the low stage of water in the trout streams is raising havoc with the fish. Many of the streams which normally have a strong flow are down to a mere trickle and the trout have been forced into the pools where they are easy prey for raccoons and other fish eating animals. Falling leaves have also hurt the fish. Anglers who had anticipated that the surcease from fishing by many war working fishermen would help the trout and make next years fishing good now see next season as one of the poorest in years.

CLASSES FOR FERROUS METALLURGY

The Warren schools in cooperation with the Pennsylvania State College are organizing vocational evening classes in ferrous metallurgy and petroleum refining. Registration for these courses will be held at the Warren High School between the hours of seven and nine o'clock tonight.

The specific purpose in conducting these courses is to equip workers for more effective pursuit of their occupations during the present conflict, prepare them for post-war industrial plans and to give them a good understanding and appreciation of the constantly changing industrial practices.

These courses are open to all men or women employed in the steel and petroleum industries and to those wishing to apply themselves in those fields. It is recommended that the students have as prerequisites high school chemistry and physics, but this will not preclude, however, a student not having such a background from studying the work.

The first year course in ferrous metallurgy deals with the fundamental principles of metallurgy, such as chemistry, physics, pyrometry, metallurgical fuels and their combustions, manufacture of pig iron, malleable iron, wrought iron, etc., while the petroleum refining course deals likewise in its respective field.

The classes for the above courses will meet twice weekly, for sessions lasting two and one-half hours.

Further information concerning the courses may be obtained from Lewis C. Cavalier, supervisor of metallurgy extension for the Pennsylvania State College, who will be at the Warren High School between the hours of 6:30 and 9:30 this evening.

HOW GREEN IS OUR VALLEY

(From the bulletin issued in behalf of the Warren County War Fund Drive)

No one can stand at the edge of the parapet at Stony Lonesome and watch the Allegheny unfold from the north in great coils; no one can see how the green-blanketed hills shoulder their way to the river; without feeling some sense of the beauty and remoteness of this special world in which we Warren Countians live. Here the stateliness of the forest is not separated from the richness of the valley land, nor the solemnity of the hill from the gaiety of daisied meadows.

Yet to Warren County, with its removed and singular loveliness, have come those events which today, as in the past, have made it realize anew its oneness with the nation and the world. However green may be our valley, we have accepted the challenge of our country's peril. From homes tucked away in the folds of our hills boys have gone to fight on burning beaches. From the sweet security of our streets other boys have gone to navigate the skies and seas of the globe.

This world we live in, is, indeed, "one world." Victory at Salerno could not have been won if the citizens of Warren had not done their manifold duty. Germany could not have been crushed at Stalingrad if the people of Sheffield had fallen down. Lae and Salamaua would not have fallen if Sugar Grove and Russell had shrugged their shoulders. For ultimate victories are as surely won in the thousands of American Warrens and Sheffield and Sugar Groves as one the flaming fronts.

Nearly 3,500 of our boys are in their country's service. Sixteen have given their lives. Four are missing. Several are prisoners. At home we have backed up our boys with consistent effort. Our three Victory Loans have been oversubscribed by percentages ranging up to 140%. State officials have described our County as a "salvage Utopia, doing the best all-around salvage job in the State."

In Civilian Defense, Warren County has a membership of 2,406. Its original Control Center served as a model for many other Counties. The Civilian Service Corps has a County membership of 7,150. We have exceeded our to-date quota of 1,600 blood donors and 2,800 pints of blood. 63 graduates of our Civilian Air Training course are in service. 8 are overseas. 2 have been killed in action. 1 is a prisoner. 40 students completed the Ground Work in 1942; 35 are enrolled in 1943.

With such a proud war record, Warren County must not fail in its greatest single effort to date, the United War Fund. The goal, \$88,700, is the largest in 25 years. Hundreds of devoted workers are giving their time and energy to the job. But the quota will be reached only if each man and woman, each factory and store, each bank, each executive, each worker, accepts the full measure of his responsibility.

Due to the fine cooperation received from old Jupe Pluvius, officials of the State and Federal Forestry Departments may now relax for a while, after weeks of worry and watchfulness.

The open house for boys at the Y last evening was a big success. There were 350 boys and a whole lot of mothers and dads. A program was given and great fun resulted.

The Warren Public Library is a boon to the students of the Warren schools. Hundreds of volumes are in the library which are available for the preparation of lessons and they are being widely used.

A car driven by Lawrence Bingham went over the bank near the Glade Bridge last night and had a narrow escape from plunging on down into the river.

There will be a music festival at the Salvation Army this evening. The band will play a number of selections and there will be instrumental solos, duets and a sextette will also play.

Miss Lena Fox, of Barnes, who recently entered the training class in a Jamestown Hospital has been the guest of her parents, Mr. and Mrs. William Bennett.

James H. Marshall well known here is at Camp Perry, Ohio where he is aiding in the training of the newly created Ohio State Motor Police.

Washington In Wartime

By JACK STINNETT

WASHINGTON — One of the frequently unhappiest, often scrappiest, divisions of the War Production Board is the Office of Civilian Requirements, headed by Arthur D. Whiteside.

His primary objective is to see that the war effort isn't hampered by bottlenecks in civilian necessities. There is no intention on the part of government to fix things up so that civilians in wartime can rock in the lap of luxury, but it does recognize that there is a civilian supply minimum below which health, morale and efficiency might break down and cause home-front setbacks just as vital as the loss of important battles on the fighting front.

That's why OCR is going directly to the source within the next few weeks with one of the most extensive "public opinion polls" that the government has yet conducted. It's going to be a cross-section sampling of the nation's housewives to find out just what war economy has done to homelife and home management; to list all the civilian grimes as well as the sacrifices which are being made cheerfully and might even be extended; and to check up on those things, both national and sectional, which are causing the greatest civilian grief.

I HAVE never been a poll addict. I have always felt that a poll is much like a lie-detector. The answer is there, all right, but it takes a scientific genius to interpret it correctly. However, I have seen the 20-odd page questionnaire which OCR plans to circulate under the direction of the University of Denver's National Opinion Research Center, and I have a hunch that the government is going to learn a lot from this one.

Present plans call for presenting it to some 10,000 housewives. OCR is planning to base 1944 civilian requirements on this poll, which makes it about the most important quiz program the government has launched since World War II started.

The questionnaire will cover everything from diaper pins to automobiles and in the kitchen division will range from pots and pans to garbage cans. Sectional and national shortages, price ceiling punctures, black markets and surpluses will be ferreted out.

Investigators are being schooled now in test surveys. OCR will want to know if your bus or trolley service is adequate; if you can get a doctor when you need one; how long it takes you to get a pair of shoes half-soled; if your radio is working and if not, why not; and if you are a farmer's wife, how are you doing on everything from skinning knives to tractors.

AT LONG last (it's on the final pages) the investigators will get around to a few personal questions. They won't be tough. A fair example is that delicate question which so many women shy away from. OCR framed it this way: "What is your approximate age?" If the lady with gray in her hair still hesitates, all the investigator has to do is how courteously smile sweetly and say: "May I put down over 32?" To me, the really important thing is that a civilian government agency charged with much responsibility is at last keen on finding out what its charges really need and how much they are suffering or thriving on the present wartime civilian economic diet.

When our forces take an island, it means they are able to move onto a permanent base "lock stock and barrel." One of the favorite pieces of equipment for these positions is the Bofors anti-aircraft gun with its wide range and heavy rapid fire anti-aircraft gun, guaranteed to keep Nips and Huns at respectful distances. The two-gun Bofors mount costs about \$100,000 and the Bofors quad-mount costs about \$140,000.

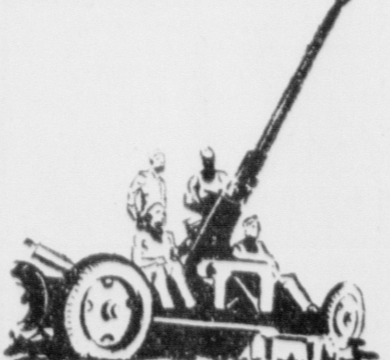

Figure it out yourself. Buy War Bonds now and have money after the war, or blow it to the winds and be worse off when the war spree ends. U. S. Treasury Department

The World and Warren County

This is one of a series of articles describing the work of the various welfare agencies of Warren County. It is written in connection with the Warren County United War Fund campaign for \$88,700. \$49,000 of this total (the largest quota in any drive in a quarter of a century) remains in Warren County.

NATIONAL WAR FUND

SALVATION ARMY

A cold wind whipped down Pennsylvania avenue, sending the snow drifting into doorways. Most of the people who ventured out that cold December day were bundled up in warm overcoats, with gloves and mufflers to protect ears and hands. But not all. For coming down that winter-swept street was a solitary figure. The lapels of his light-weight, worn suit coat were turned up over his chest and held against the bite of the wind by an uncovered hand that was numb with cold. His thin shoes crunched against the snow. He came to a doorway at 218 Pennsylvania avenue, west. He glanced at the lettering—The Salvation Army. Inside it was warm. There were people waiting who would help him.

Who was this man? What was his problem? He might have been a transient; a stranded, bewildered soul who had lost the way on life's highway. Yet, he knew that at the Salvation Army he would not be turned away. He might have been an anxious father with a sick wife or child at home and no money with which to get help. When he turned in that door, he knew that real help would be forthcoming. He might have been so many things—sick, hungry, cold, lost. Regardless of what his problem, there were gentle, understanding people waiting inside to help him, encourage him, get him started on a new road.

How many such cases does the Salvation Army receive? From October 1, 1942, to October 1, 1943, this organization helped 305 families—Warren county families. It gave groceries, including Christmas baskets, to 216 families—Warren county families. It distributed much needed clothing to 83 families—Warren county families. In addition, it supplied to Warren county families medical care, furniture, fuel and rent.

If it had done only that, this organization would deserve the support of the community. But that's far from all. It helped 172 transients, gave 223 meals, gave clothing to 49, and saw that 22 received lodging. Its Young People's organization held 175 meetings, attended by nearly 8,000. The Senior organization held 705 meetings, with an attendance of nearly 20,000.

Yet with all this activity for community betterment, the busy workers of the Salvation Army found time to call on 701 families in Warren county and spend 731 hours in visitation.

The Salvation Army is one of the organizations your contribution to the United War Fund will help support. This army of loyal workers fights on in peace and in war to make the world—and Warren county—a better place in which to live. They've shouldered the extra burdens of wartime along with others in the community. The Salvation Army Ladies' Home League is doing sewing to help the wives of service men; they make and supply sewing kits to boys leaving Warren county for the service; they make layettes for the wives of Service men; they are knitting sweaters, helmets and ear muffs for the boys.

The United War Fund is your opportunity to help the Salvation Army. So when you are called upon between October 18 and 28, be as generous with your money as these workers are of their energy to make Warren a better place in which to live.

What's All This About Nutrition?

BY THE ROAMING REPORTER
Did you ever say to your child, "Come on, now Johnny, eat your carrots!" And if he said, "Why?" Could you answer more than, "Why? Fr, well, ha-rumph—it's good for you! Don't talk. Eat!"
Knowing about the foods you serve your family, knowing what each food does to protect health, knowing what ones are needed more often (not what can my pocketbook afford, for some of the best are the cheapest)—knowing what are the best ways of keeping all the vitamins and minerals... these things make your job of keeping your family well much easier.
If you would learn more of these things about feeding children and adults, go to the Public Health Day program to be held at the Warren High School auditorium Monday evening at 8:30. It is sponsored by the wives of Warren County doctors, the Medical Auxiliary. This year due to the tremendous need for better health to speed war work it was decided to give an evening to the study of the family, and make it open to the public, without admission charge.

The Pre-School Mothers' Clubs will go to this meeting for their regular October get-together. Parent-Teacher groups are going. Mothers and fathers all over the county are invited.

Two movies, "Hidden Hunger" and "Food and Nutrition" will be shown. Miss Arlene M. Schaefer, home economics advisor will speak on "Foods for Your Family". There'll be a discussion period for questions and answers. You'll learn a lot of things which you'll be able to put to work in your kitchen. There's no admission charge. You'll be glad you gave the time to it, so save next Monday evening and be at the High School auditorium at 8:30!

Captured German and Italian war equipment and modern combat equipment of the United States Army Air Forces will be exhibited in a 15-truck Air Force caravan in Jamestown October 16 and 17. It was announced by Captain John H. Wright of the Civil Air Patrol.

The Rev. Ralph K. Merker, who has been named superintendent of the Presbyterian church's board of national missions, leaves today for Washington, D. C., to take over his duties. He was minister of the First Presbyterian church in Erie for several years.

S. F. of A. To Witness Films About Sweden

A number of educational films of Sweden will be shown at the Lodge Rooms of Odin No. 1 Scandinavian Fraternity of America at 8:30 p. m. Friday evening.

One film, entitled, "Sweden's Wartime Adjustment" deals with the different methods whereby Sweden seeks to develop substitutes for scarce materials in order to minimize the disturbance to the economy and the daily life of the nation. A second film, "Swedes at Work and Play" is rich in scenes seldom encountered by the tourist. From it the spectator gathers a vivid impression of the source of much that is strong in the national life for it is a panorama of Sweden's people and their work on the offshore islands, in the inland rural districts, in the northern mountainous region, in typical small towns, and finally in Stockholm. Here are Swedes of all sorts seen at their daily tasks or in their moments of recreation. Finally, "Colorful Sweden", takes one here and there through Sweden to see the many places of interest, color and beauty.

These films should prove very interesting to all persons of Scandinavian descent as well as to others who are interested in the educational value.

All members, prospective members and friends of Odin Lodge No. 1, S. F. of A. are cordially invited to attend the showing of these pictures which have been brought here from New York City especially for this occasion.

Hallowe'en To Be Celebrated At No. Warren

That it takes more than a war to daunt the spirit of the North Warren Civic Club is evident from the announcement today that plans are now complete for the organization's annual Hallowe'en Carnival.

The four-day festivities will begin Wednesday, October 27, and continue through Saturday, October 30. The committee in charge consists of Donald Burghardt, chairman; Russell Dietrich, Boyd Sanden and Henry Ledebur.

The fun and frolic festival will feature a mammoth indoor carnival which bids to surpass even the highly successful North Warren carnivals of the past. The grand climax of the event will come on Saturday evening, October 30 when \$1,000 in War Savings Bonds will be awarded.

The Rev. Ralph K. Merker, who has been named superintendent of the Presbyterian church's board of national missions, leaves today for Washington, D. C., to take over his duties. He was minister of the First Presbyterian church in Erie for several years.

Butter holdings in Pennsylvania cold storage houses increased by nearly one and one-half million pounds during the month of August.

Pillsbury's SHORT-ON-SHORTENING Cake

TEMPERATURE: 350° F. TIME: about 50 minutes
Makes 8x8x2-inch loaf cake

• 2 cups sifted PILLSBURY'S BEST Enriched FLOUR
• 3 teaspoons baking powder (or 2 teaspoons double-acting)
• 1/2 cup sugar
• 1/2 cup top-milk
• 1/2 cup shortening

1. Sift flour once, measure; add baking powder and salt; sift three times.
2. Cream shortening; add orange and lemon rind. Add sugar gradually; cream well. 3. Add eggs separately; beat about one minute after each.

• 2 teaspoons grated orange rind
• 1 teaspoon grated lemon rind
• 1 cup sugar
• 2 eggs, unbeaten
• 1 cup top-milk
• 1 teaspoon vanilla

4. Add dry ingredients alternately with combined top-milk and flavoring; mix well after each addition; beat well after last addition only. 5. Turn into greased, lined loaf pan. Bake in moderate oven. Frost as desired, when cold.

Installation For Legion Auxiliary By State Director

Mrs. C. A. Atkinson, of Freeport, who is western director of the Pennsylvania American Legion Auxiliary, visited the local unit Wednesday evening for the purpose of installing the following officers:

President, Mrs. Melvin Keller; first vice president, Mrs. K. W. Davis; second vice president, Mrs. Richard Hildum; secretary, Mrs. Howard Casey; assistant, Mrs. Willard Smith; treasurer, Mrs. Milton Witz; historian, Mrs. Reno Morrison; chaplain, Miss Florence Hill; sergeant at arms, Mrs. Theodore Fox.

Mrs. Atkinson gave a fine talk in reporting on the national convention at Omaha. Also a guest at the thirteen dinner and meeting was Mrs. Stanley Kahle, president of the Clarion-Jefferson County Council.

Yearly reports were presented by officers and committee heads and it was decided to continue the custom of the annual dinner-dance with post members for Armistice Day. Mrs. Davis, membership chairman, asked that all dues be in at that time.

Delegates named to attend the Inter-county Council meeting at Kane on November 6 were: Mrs. Melvin Johnson, Mrs. C. D. Cannon, Mrs. Merle Graham, Mrs. F. A. Johnson, Mrs. Milton Witz, Mrs. Reno Morrison, Mrs. Kay Davis, Mrs. Richard Hildum, Mrs. Theodore Fox, Mrs. Howard Casey. Alternates named were Mrs. Homer Putnam, Mrs. Margaret Rowland, Mrs. Elmer Munksgard, Mrs. S. J. Wallace, Mrs. James Scalise, Mrs. T. N. Dunham, Mrs. Thomas Poy, Mrs. Marvin Wilkins and Mrs. Clarence Agren.

Unusually Fine President's Day At Philomel Club

Members of the Philomel Club gathered in the Woman's Club Wednesday afternoon for one of the most delightful President's Day programs experienced in many seasons.

The program was arranged and given by the club president, Mrs. Allie Russell, who was assisted at the second piano by Hazel L. Miller, graduate of Oberlin Conservatory and newcomer to Warren. She provided an able orchestral accompaniment for Mrs. Russell's flawless playing of the romance and rondo movements of the Chopin Concerto in E Minor and Liszt's 14th Hungarian Rhapsody or Fantasy. In addition, they played as a piano duo the Waltz of the Flowers from Tchaikowski's "Nutcracker Suite" and a two-piano arrangement of "Polly".

Mrs. Russell opened the afternoon's program with a welcome to the members and reference to the years program which has been arranged by Mrs. T. H. Conway and her committee. Programs for the day and an outline of the season's plans were distributed to the membership.

Mrs. Russell announced a study meeting for next Wednesday and a program in two weeks, both in charge of Mrs. Eugene Kuester.

At the close of the program, officers of the club were hostesses for tea in the dining room. Presiding at a table prettily centered with golden poinsettias were Mrs. N. D. Patterson and Miss Mary Blocher.

MISSIONARY SERIES COMES TO CLOSE

The closing service in the annual missionary convention at the Missionary Alliance church was held Wednesday evening, with Mrs. R. O. Stull, missionary to Peru, as the speaker. She showed interesting pictures of the journey she took with her husband and five-months-old son to the interior and of the work after the mission station was erected. At the close, an offering in cash and pledges was asked for worldwide work of the denomination. A delegation from Jamestown, N. Y., swelled attendance at the closing service.

On Wednesday morning, Mrs. Stull and Rev. L. E. Ryan, of French West Africa, addressed the student body at Beatty school.

JUNIOR PHILOMEL BEGINS SEASON

Vice President Frances Ann Carlson was in charge of the opening meeting of Junior Philomel held at the Woman's Club after school Wednesday. The program for the season was discussed and the day's program presented by the following: Dorothy Peterson, Maxine Ann Beebe, Elizabeth Bathurst, Virginia Johnson, Marilyn Emery, Gloria Hausman was vocalist. Refreshments in the club dining room were also a feature on the day.

TIONA WBA MEETS

Review No. 12, WBA at Tiona, held its regular meeting Wednesday evening at the home of Mrs. Frank Morrison. It was decided that meetings in the future will be changed from the third Wednesday to the second Wednesday of each month.

Games and a review of old photographs provided a pleasant evening, after which refreshments were served. The next meeting will be held at the home of Mrs. Minnie Frick on November 10.

HONORED AT FAREWELLS

Mrs. Charles Struble, who left Monday for her new home in Buffalo, N. Y., was honored at several farewell events, including a tea given by her sister, Mrs. W. D. McElwain, 9 Central avenue.

Others who entertained for her were Mrs. Ralph Theodore, Clarendon Heights; Mrs. Donald Smith, Conewango avenue; Mrs. Daisy Branch and Mrs. William Samuelson.

IS DINNER GUEST

Miss Dorothy Walsh, a bride of the near future, was honored when girls from the office of the Thomas Flexible Coupling Company entertained at dinner at Pittsfield Inn Tuesday evening.

Miss Walsh was presented gifts in the form of a miscellaneous shower from the following: Lillian Blomwell, Betty Callen, Florence Danielson, Jeannette Smith and Bess Walter.

SUGAR GROVE

Sugar Grove, Oct. 5—The PTA of the Sugar Grove Joint Vocational School met in the auditorium, Monday evening with Mrs. John was appointed to act as secretary in the absence of Mrs. Lottie Duell. Group singing of several numbers with Everett Landin leading and Miss Doris Engstrom, at the piano opened the meeting after which Mrs. Anderson offered prayer. Mrs. Hansen, chairman of the membership committee, reported seventeen memberships received. No report of school lunches was given on account of the illness of Mrs. Allan Frank. Other members of the committee reported vegetables and canned goods had been received for the lunches. Plans were discussed for hiring some one to wash the dishes from the lunches, Doris Norbeck and Phyllis Hendrickson sang two duets. Mrs. Travers Stohlberg, program chairman, introduced Miss Arlene Schnure, county home economics supervisor, who presented a movie, "Sabotage on the Home Front", which was very interesting and educational. Miss Schnure also gave a very practical talk on "Changing Food Habits." Mr.

Frank assisted with the pictures. Following the program refreshments were served at the home economics house by Mrs. Gerald Miller and Mrs. Hobart Sanders. An open meeting of the Reading Club was held in the school auditorium Tuesday evening with Mrs. F. A. Schoonover presiding in the absence of the president, Mrs. Frank. A part of the season's program this year will be the novel and in preparation for that a moving picture of Oliver Twist was shown by Mr. Frank, also one of Eskimo Life. The meeting opened with the singing of America with Everett Landin, pianist and prayer by Mrs. Carl Perrin. At a brief business meeting at the close of the evening, the resignation of Mrs. Walter Kelley was received and four new members elected. The next meeting will be the annual "Guest Night", at the home of Mrs. Stuart Andersen with Miss Helen Lauffenberger, of the Warren Red Cross, as guest speaker.

Rally Day services for the Presbyterian Sunday school will be combined with the church service at ten o'clock next Sunday. All members of the Sunday school and the congregation are urged to be present. The October Child Center for Sugar Grove, will be held next Wednesday at 2:30 o'clock in the home economics house. Miss Helen Abbott, daughter of Mr. and Mrs. Ralph Abbott, left Sunday for Washington, N. J., to take a managerial course at the Western Union school. She has been in the office at Corry the past three weeks. Pfc Robert Conklin, M. P. stationed at Camp Pickett, Va., spent a few days last week with his parents, Mr. and Mrs. Frank Conklin. Miss Eugenie Tuley, home economics supervisor at Edinboro High school spent the weekend

with her parents, Mr. and Mrs. E. R. Tuley. Sugar Grove residents were given a thrill Sunday when Lt. Lloyd Porter flew a bomber over the town circling low over the home of his wife's parents Mr. and Mrs. Stuart Andersen. He is a flying instructor at Greenville, S. C. He also circled several times over the home of his mother, Mrs. Ella Porter at Chancellors Valley. He was returning to his field, from a trip to Buffalo, N. Y. Mrs. John Stuart accompanied her sister, Mrs. Allan Conboy and baby son Allan to Cleveland, O. Friday and spent the weekend there. Mrs. Conboy is returning there to make her home while her husband is in overseas service.

Shot Cattle, Canned Meat, Then Settled

Arthur Ransom, of Spring Creek was in court yesterday charged with larceny of a couple of heifers from Dr. Waterhouse, of Corry and thereon hangs a tale. Ransom has a farm and the doctor had the heifers. The heifers were of western stock and ambled frequently onto the Ransom farm. Finally tiring of escorting the cattle home Ransom got mad and got his trusty gun and shot a couple of them. And then he canned the meat. Arrest followed and a court appearance faced Ransom and the night before he was to appear his house caught fire and burned to the ground. In court he entered a plea of "guilty". Inasmuch as restitution had been made for the cattle and Ransom agreed to pay all court costs sentence was suspended.

Three juveniles: one from Corry, one from Kane and one from Spring Creek were in court relative to the theft of gasoline from a storage tank of Howard Burleigh, of East Branch. The boys admitted taking from 50 to 60 gallons of the gasoline. Burleigh averred 800 gallons had been taken but the boys denied taking only a small amount. Their case will be acted upon by the Judge later.

Another juvenile from Sugar Grove township is being held in the detention room of the county jail awaiting disposition of his case. The boy was in court yesterday charged with taking articles from neighbors. Recently he took a truck owned by Henry Ward, Youngsville R. D. and rode around with it for several hours. He got into a ditch, then out again and finally Ward caught up with him. The boy is thought to be slightly deficient mentally. He had a hide out built where he used the articles that he took.

A non-support case brought by Mrs. Andrew Perry against her husband was decided by the court in an order requiring Perry to pay his wife \$12.50 per week for her support.

Refreshments were served by Mrs. J. E. Palmer. A delightful evening was spent.

WOMEN OF MOOSE BIRTHDAY GATHERING
Preceding a 7:30 executive session and eight o'clock business meeting Wednesday evening, Women of the Moose honored four members with a birthday supper, including an attractively decorated birthday cake. Birthday members were Mrs. Ella Small, Mrs. Alice Lauffenberger, Mrs. Lena Larson and Mrs. Anna Masterson. Attendance prizes for the evening were awarded to Mrs. Mary Brown and Mrs. Mabel Crimpenshaw. Plans were made for the benefit next Tuesday for the social service and war relief fund; also for an open meeting and initiation on Sunday, October 24, beginning at 2:30 p. m. Members were asked to report at Red Cross headquarters from 7 to 9 p. m. Friday to make surgical dressings.

JEWISH AUXILIARY HAS INSTALLATION
Mrs. Leonard Rosenzweig was installing officer at the meeting of the Jewish Ladies' Auxiliary, inducting the following slate for the new year: President, Mrs. Myer Bernfield; vice president, Mrs. Sam Sherman; secretary, Mrs. Jack Greenwald; treasurer, Mrs. Abe Feldman; relief treasurer, Mrs. Fred Greenwald. Guest speaker for the meeting was Mrs. Olive Huff, of the Warren Public Library staff, talking for her topic "The Unknown Country". Refreshments were served by Mrs. M. V. Ball and Mrs. Feldman.

You May Never Have To Take Another Laxative

Most constipated people might be as regular as clock-work—if they would only quit worrying—stop being nervous—take more exercise—watch their diet—and get up mornings an hour or so earlier to give bowels time to act. But who can or wants to do all this? So—the next best thing is to keep the bowels working as regularly and comfortably as we can—and that's where good old Ex-Lax comes in. Why? Because you may take Ex-Lax at night and expect results in the morning when you get up without waiting around—because they do not irritate the bowels—because they do not cause violent cramps—because they leave you feeling weak and washed-out. And because they help give the grand, comfortable, satisfying type of movement that makes the spirits soar—and what more, constipated person could ask for more? Get Ex-Lax at your drugstore today and take as directed. 26¢.

Telegraph Companies Are Merged

Consolidation of the Western Union and Postal Telegraph companies, which was effective Friday, Oct. 7th will mean more efficient written communications service for Warren people, and the nearby towns that are served through the Warren office, it was stated today.

by Mr. Burtette, Western Union Manager.

Merger of the two Telegraph Networks will be in the best interests of the industry and the public. Mr. Burtette said. "Telegraph service will be improved by eliminating uneconomic competition which will permit the utilization of duplicate wire facilities, equipment and personnel for betterment and extension of telegraph service."

The local office of the two telegraph companies will be continued in operation for the present with telephone and messenger connections between the two offices to permit the interchange of telegraph business and bring both networks into one unified system.

Duplicate telegraph printer equipment will be removed from the office of local firms where the volume of business now does require two machines, and in other cases equipment will be installed to handle the combined load more efficiently. Duplicate call boxes for messenger service in customers' offices will be disconnected. During the integration process the public will continue to see telegraph offices displaying Postal Telegraph sign and messengers wearing the Postal uniform. Existing stocks of Blue telegraph blanks and envelopes and certain other Postal Telegraph forms will be used up in order to conserve the materials under the current paper shortage.

"Although evidences of the Postal Telegraph System will not vanish overnight, the public will nevertheless understand, Mr. Burtette said, "that all telegraph offices will be under the same management regardless of the signs on the windows. Telegrams filed at any telegraph office, whether displaying a Western Union or Postal sign, will be handled over the unified system."

Postal telegraph offices will become Western Union branches and will be listed under "Western Union" in the next issue of the telephone directory. Meanwhile, all telephone calls received at Postal offices will be answered "Postal Telegraph now Western Union". Telegrams may be filed by tele-

Without Painful Backache

Many sufferers relieve nagging backache quickly, once they discover that the real cause of their trouble may be tired kidneys. The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 3 pints a day.

When disorder of kidney function permits poisons to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up at night, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes show there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

phone by the number listed either for Western Union or for Postal, as heretofore.

The two local Postal Telegraph employees Mr. Johnson and Miss Koebler have been added to the Western Union service roll as of the effective date of the merger and will receive the same consideration and benefits as though they had been Western Union employees in the past. The local Postal Telegraph messenger is now assigned to the Western Union main office, where all local telegraph deliveries and pick-ups of telegrams from customers' offices by messenger are controlled which has resulted in the consolidation of all calls and deliveries. This practice does away with the wasteful duplication of two messengers going into the same office, or nearby office, with a message from each of the branch and main Western Union telegraph offices.

Postal telegraph accounts receivable and payable will be taken over by Western Union, and payments for telegraph service heretofore billed by Postal should be made to Western Union, Mr. Burtette said.

Tionesta Dam Is Providing Good Sport

Since the construction of the Tionesta Dam and the formation of the big lake back of it fishermen and other sportsmen have found that it is providing a home for wild life unequalled in this section. The Tionesta Republican in its last issue contains notes of interest relative to the fish and game life at the dam, as follows:

Saturday afternoon two unidentified fishermen landed large muskies; one, a 28 inch specimen at the rocks below the Lawrence Dam at the mouth of Tionesta Creek and the other a 30 inch whopper in the Tionesta eddy, near the bridge.

A good sized muskrat house is under construction in the Back Channel near the Harman Ice Plant. Too bad, as all this hard work will be in vain, for if some trapper don't get them the inevitable rise in the creek will flood them out.

"According to Mrs. John Fredricks of the Log House Inn near Nebraska who has been renting the duck shooting in the Tionesta to fishermen and duck hunters, the dam has been very good so far this season, nice specimens of these pretty creatures having been bagged. But as for us we'd rather see them alive in their natural haunts, then dead and mutilated in a hunters bag."

Rain Dampens Woods, Checks Fires Raging Over the District

Rain which began falling during the night was of just the kind that the Forestry officials have been asking for during the past few days. The rain was of the slow, soaking variety which did not run off but penetrated into the ground. The men who have been fighting forest fires for the past few weeks are hopeful that it will continue to fall and thoroughly soak the ground.

Sportsmen, too, hailed the rain as it will aid in the saving of much of the fish life over the county. The river has been at such a low stage that many fish have died as the pools were polluted with oil sludge that has been on the river for some days past. The trout streams also showed tracks of coons along the

shores and Jay Pees, of the State Department of Forests and Waters gives it as his opinion that there are more coons than normally. They are adept fishermen and with the water at the present low stage take thousands of fish out of the streams.

The Russell Fire Department was called out twice last evening to extinguish a field fire along the Lovers Lane road. The siren of the Russell fire station summoned the firemen and they had two runs within a few hours to the same spot which was burning briskly.

During the dry spell a number of small plantings of new trees have been burned over and the plantings were a total loss. This work will have to be done over again and is an expensive process.

TIMES TOPICS

BROTHERHOOD MEETING
St. Paul's Brotherhood members will meet at the church at 7:30 this evening to hear Rev. J. H. Cruikshank, North Warren minister, tell of his experiences this summer in a Louisiana army camp.

HONORABLE DISCHARGE
Serg. Fred Jurek has arrived home from Camp Chaffee, Ark., where he has been for some time past in training. He has been honorably discharged from the service and will take up work in this section.

DATE MOVED AHEAD
Work is progressing slowly on the new fire station in the Fourth Ward and the date for occupancy of the building by Engine Company No. 3 has been moved ahead. It had been hoped to get into the building by October 1st, but now the date has been set for November 15.

WAS REAL BARGAIN
An error in the advertisement of Montgomery-Ward store yesterday caused a rush of bargain hunters to get to the store bright and early this morning. In an advertisement for \$2.98 dresses the advertisement read "\$2 for 5". Now that would have been a real bargain but the ad should have read "2 for \$5".

POLIO-AT CORRY
The five-year-old son of Mr. and Mrs. W. C. Skinner, South Center street, Corry, is ill in an Erie hospital with poliomyelitis. The child had been ill with a cold for a week and yesterday developed paralysis below the waste. He was taken to the Erie hospital where the ailment was diagnosed as infantile paralysis.

GOING TO JAMESTOWN
Members of the Warren Civil Air Patrol will participate in the Aviation Cadet Rally and Civil Air Patrol Conference at Jamestown Saturday and Sunday, October 16 and 17. Army air force planes, cadets, WACs, Civil Air patrol members and other officials from five states will take part and the gathering promises to be a most interesting one for the Warren participants.

QUOTAS ARE SET
The State Salvage Committee has set the quotas for the various counties of the state in the various kinds of scrap to be picked up. Warren county has been assigned the task of getting out 1050 tons of scrap iron and steel in a six months period; 13 tons of tin cans during November; 192 tons of waste paper during November and 6,000 pounds of used fats. The quota of scrap iron and steel will easily be met, in fact much of it has been met so far but the other quotas will be harder to reach. The securing of scrap iron and steel by school pupils will be facilitated this month by the fact that the schools will be closed over the state on October 25, 26 and 27 for the registration for Ration Book No. 4. County chairman of salvage are being asked for a concentrated drive on these dates.

Loveland to lands of Robert Purdy; thence southerly along lands of said Robert Purdy and of Tony Briskie to a post; thence westerly along lands of said Tony Briskie and Nellie Crowe to the said lands of George MacDonald; thence southeasterly, then southwesterly, then westerly, along the said lands of George MacDonald to the place of beginning, and CONTAINING sixty (60) acres of land, be the same more or less.

AND BEING A PORTION of the lands left by Lawrence Colegrove, late of the City of Corry, Erie County, Pennsylvania, deceased, who died intestate, the title to said lands vesting in his three sons, Lawrence W. Colegrove, the late Charles B. Colegrove, and the said John I. Colegrove, and an undivided two-thirds interest in and to Parcel No. 6, above described, having been conveyed by Lawrence W. Colegrove and others to John I. Colegrove, the above-named Mortgage, by deed dated May 16, 1936, and entered in the Recorder's Office of Erie County, Pennsylvania, on October 26, 1936, in Deed Book 379, page 36.

Seized and taken in execution and will be sold as the property of John I. Colegrove at the suit of P. C. Oetgerd, G. E. Seavy, Wm. Olney, Commissioners of Warren County, Pennsylvania, and, as such, by virtue of their offices, Trustees of the Hoffman Estate, William C. Farm House Destroyed By Fire On Wed.

Spring Creek, Oct. 14.—The form home of Arthur Ransom and family, located on the former Clair Morton property, at the foot of Piccadilly Hill, was completely destroyed by fire early Wednesday morning. The flames are said to have spread throughout the house when discovered but the parents and four children escaped from the structure without injury.

Others who later saw the flames and reflection rushed to the scene of the blaze and helped in removing a portion of the household furnishings, but much of the family property was lost.

A phone call was sent to the Corry department by a neighbor who could give little assurance that water was available for use by the pumper and the run was not attempted. It is questionable if the truck could have reached the location in time to have saved any part of the dwelling.

Origin of the blaze was reported as unknown this morning. Persons who saw the reflection cast by the flames, thought that woods fires had again started up in that area where several such fires have given trouble during the past week.

The Franklin school board at its regular meeting Tuesday evening authorized the establishment and operation of a kindergarten November 1 if arrangements now being made can be satisfactorily completed.

Dragons Face 3 Tough Outfits Before Finishing Season Oct. 30; Franklin On Waiting List

Three tough games face the Blue and White turf-riders before October bows out, with Franklin, Bradford and Ridgway on the waiting list and any one of them can spell defeat to the localites if predictions have anything to do with it.

Hopp Brothers Doing Well In Sport Circles

BY WATSON SPOELSTRA
Detroit, Oct. 14—(P)—Johnny got a zero—for four in the World Series—but Johnny Hopp's brother, Harry, has yet to be shut out in 1943 National Football League play.

With six touchdowns in four games for 36 points, Harry (Hippity) Hopp is the scoring leader of the pro league. At his present pace he's no great threat to the 138-point scoring record Green Bay's Don Hutson hung up last season, but his work is nevertheless astounding.

Hopp, Nebraska's Rose Bowl fullback of 1941, is playing his third season with Detroit. He started with three touchdowns against the Chicago Cardinals and got one each against Brooklyn, the Chicago Bears and Green Bay. Harry and Johnny Hopp comprise one of big-time sport's foremost brother combinations. Johnny the elder, has just finished his fourth full season with the St. Louis Cardinals. For his brief World Series appearance he picked up the loser's share of \$4,321 considerable more than Harry will make for a full gridiron season.

These two sons of Hastings, Neb., are wholly agreed on one point, that their kid brother, Walby, former Nebraska fullback and now in the army, will be the family's greatest athlete. He'll have to be pretty good.

from there have it that the Blue and White team will have an easy time of it.

But should criterions have anything to do with it Warren will be in there fighting to the end, after their upset at the hands of Titusville a couple weeks back, and not waiting for the dope-bucket to spill over on them again.

The Dragons have been going strong the last two weeks with their swamping of the Oil City Oilers and last week their near-miss on the Jamestown, N. Y., outfit, and are expected to keep rolling back the carpet of schedule with a finishing touch winning aspect the last three games, the first of which is Franklin.

Oil City took down the numbers on the scoreboard in greater quantities, when they met the Nursery team there two weeks ago, but at that time the Oilers were much stronger, with no men on the injured list, than when they tangled with the locals on Russell Field.

Sporting a net .500 average over four plenty hard games, Franklin has only bowed to Grove City, a powerhouse in that section, and the Oilers, while taking Emmenton and a strong Meadville team into camp.

Very strong on the offense, but weak on the defensive, the Nursery eleven may well give the Blue and White gridders a battle worth watching on Miller-Sibley Field Saturday afternoon.

HUNTERS! BUY SHELLS AT OPA CEILING PRICES!

Because of many reports of excessive prices being charged for ammunition, the price executive, Erie office of OPA, urges all hunters to pay no more than ceiling prices. Call 3077. The price clerk will give you ceiling prices on the most popular rifle and shot gun ammunition. Dealers can also learn how ceiling prices are computed for shells and cartridges not specifically listed.

55 PENNSYLVANIANS ON EXCHANGE SHIP
Washington, Oct. 14.—(P)—Fifty-five Pennsylvanians are included in the list of 1,136 American repatriates from the Far East aboard the Japanese exchange liner Tetsu Maru, made public by the state department last night. The ship is en route to Marmagao, Portuguese India, where the passengers will take passage on the Swedish exchange liner Gripsholm for this country.

Italy Will Be Punished For Her Misdeeds
(From Page One)
The provisional committee of directors of the Italian Socialist party in London was frankly antagonistic.

From Algiers came a dispatch saying some Frenchmen predicted the Italian declaration and the Allies' acceptance of the Badoglio government as a co-belligerent would not be welcomed by the French underground, particularly by those groups in southern France where the Italian occupation was most keenly felt.

One Frenchman, the Algiers dispatch said, declared the Allied acceptance of the Italians as co-belligerents might spread a feeling of suspicion regarding the ultimate objectives of the United Nations in Europe.

Inheritance Tax Shift Is Being Tested
(From Page One)
The government of Gen. Pedro Ramirez has accepted the resignations of three cabinet members, all regarded as favoring a break with the Axis.

An official announcement last night said unity of the government would not be affected by the resignations.

Cabinet members who resigned were Jorge Santa Marina, minister of finance; Brig. Gen. Elbio Anaya, minister of justice and public education; and Vice Admiral Ismael Galdinez, minister of public works. Their withdrawal confronted the Ramirez government with probably its most serious crisis since it assumed power through the June 4, revolution.

Many Forest Fires Break Out This Week

Almost a dozen forest fires in the area kept crews on the jump throughout Wednesday and during the night until rain began falling about four o'clock this morning. Fires were reported in the following sections:

Thompson Run and Dunn Run in Deerfield and Brokenstraw townships, between 800 and 1,000 acres. York Hill, 25 acres.

Dawson Run, Forest county, 5 acres. Beck Road, near Spring Creek, 4 acres.

Tryonville, Crawford county, 5 acres. Trimms Corners, 3 acres and a dwelling house. North Fork of the Six Mile, 3 acres.

Pittsburgh C. of C. Urges Construction of the Kinzua Dam Prior to Conemaugh
(From Page One)
The Warren dam was one of the first completed in the system of flood control for the upper Ohio watershed, which envisaged a 10-dam program costing more than \$100,000,000. It was one of the few termed "practical" for power by the engineers, but finally was discarded as "unfeasible" at that time because preliminary estimates placed the cost at \$17,000,000 to \$20,000,000. It would back water into New York state and inundate the Conemaugh Seneca Indian reservation.

Just SCRAPS

Here are some recent highlights on the salvage front:

Donald P. Brooks, Sheffield Salvage chairman, recently brought in 1,900 pairs of silk hose and 2 boxes of tin tubes. The Sheffield schools did a superlative job in the recent tin can collection, securing a large truck.

J. L. Hunter also brought a large consignment of tin tubes from Tidioute. Youngsville Borough brought in 2 large trucks of cans. Russell gathered a truck load brought in by the Moll Hide Company. James Pascarella of Corydon brought in a large consignment of cans and hosiery. All the schools in the county made excellent collections.

Mrs. Harry W. Conarro turned in a lot of valuable new tubes of pure tin. Enough tin will be obtained from them to manufacture about 2,000 Syrettes. In other words, 2,000 soldiers will be equipped with the most valuable medical weapon the war has thus far produced. Mrs. Conarro also turned in a lot of copper and brass.

E. D. Wetmore, has turned in a road scraper, weighing 900 pounds, which will be a substantial addition to Warren County's metal collection.

In a career marked by blunders of all the Scrapper in Tuesday's Times, committed one of the most notable. This was the omission of the name of the Warren Disposal Company from those who had aided in the round-up of tin

cans. As a matter of fact, the Warren Disposal Company made four separate collections on the South side, and brought in many truck loads of cans. The Warren Disposal Company has cooperated with the schools in the recent tin can collection. As a matter of fact, we do not know how we could get along without them.

The State Historical Commission is collecting all facts and statistics connected with Pennsylvania's participation in the war. Among these are the monthly reports of W. T. Corbett, chairman of the Warren County Committee. These are kept in the State Archives and when the war is over, a complete history of "Pennsylvania At War" will be compiled. Meanwhile, we have a preview of what it will be like in a recent booklet received by the local committee entitled "Pennsylvania's First Year At War."

The County Salvage Committee has sent 5,000 folders entitled "Why Save Tin Cans?" to the county schools, and 3,000 to the county schools. This folder should be very helpful in giving the public the basic facts behind the can collections. It tells us among other things that we will be collecting cans for the period of at least two years after the war is over, and that Japan will destroy its tin mines in occupied territory before they are driven out.

Grain Fleet Will Keep RR Busy Long Time

From all indications the local branch of the Pennsylvania railroad which during this summer has been hauling millions of tons of iron ore eastward will have a busy winter. It has just been announced that the grain fleet on the Great Lakes will tie up at Erie this winter instead of at Buffalo. The fact that ice floes tie up the ships in the spring in Buffalo caused the decision. It is felt the fleet can get out of Erie and make one or two trips before the boats could get out of Buffalo.

The grain elevators in Buffalo are now filled with grain and it is figured that November 25th the grain boats will begin to tie up for the winter. Shipments will go east over the Pennsylvania railroad for export to foreign countries and it is expected that the extra crews that were busy this summer will be maintained this coming winter hauling grain.

Traveling Board Coming Next Week to Seek WAVE Recruits

Commander C. McK. Lynch, who is in charge of Naval Officer Procurement in Pittsburgh, said today that a Travelling Board will be in Warren next week to interview, examine, and enlist women of this area for the Waves. The Board will also interview men, college graduates and specialists, who wish to submit their applications for commissions in the United States Naval Reserve.

Commander Lynch explained that the primary purpose of the visit to Warren is to procure the services of women in Warren county and the surrounding area.

Eagle from Erie came for them. Mrs. Lillian Houser of Seattle, Wash. was also a guest of Mrs. Walters, she went to Youngsville Saturday to visit her friend Mrs. Alma Austin.

Mr. and Mrs. Tom Carr and family of Amhurst, Ohio were weekend guests of her parents, Mr. and Mrs. Lyle Oviatt.

Mr. and Mrs. W. K. Bonner of Warren were dinner guests at the home of her parents, Mr. and Mrs. H. B. Wing.

Mrs. Adams, a nurse at the shop whose husband has gone into the army service spent two days last week at the home of his parents at Union City.

Mrs. Lucile Nulph and baby spent yesterday (Tuesday) with her sister, Mrs. W. K. Bonner in Warren.

Mrs. Justine Luce and Mrs. Charles Cox have not been feeling so well for the past few days their many friends hope for their speedy recovery.

"The Waves are playing a very important part in helping to win the war," explained Commander Lynch. "They have proved to be so efficient in performing many types of work that the Navy Department is asking us to enlist many thousands of additional young women in the Women's Reserve."

"It is not necessary for a girl to wait until the Travelling Board comes to Warren in order to enlist. She can come to Pittsburgh today and we will arrange for her enlistment. The purpose of the visit to Warren at this time is to provide girls and young women with further opportunities to obtain information about important jobs the Waves are doing in the Navy. We feel certain that many of them will want to talk to the Wave Officer and Yeoman who will be in town at a later date."

Lieut. M. E. Mellott will be in charge of the Travelling Board. He will be accompanied by Dr. M. Weintraub, Lieut. Commander in the Medical Corps; Ensign Wanda McLaughlin, Wave interviewing officer, and enlisted personnel. They are attached to the Wave and Naval Officer Procurement Offices, Keystone Hotel, Pittsburgh Pa.

The Travelling Board will maintain headquarters in Warren at the West Penn Oil Co.

Interviews will be conducted from 2:00 to 9:00 p. m. on Wednesday, October 20. The Wave and the Line Officers will talk to applicants. Those who qualify will receive physical examinations and further processing.

FARMINGTON UNIT

Mrs. Lloyd Hedges, president, called the meeting of Farmington PTA Monday night with group singing followed by devotions led by Principal Lawrence Order. Routine business included roll call response of 32 from a membership of 49 and penny collection of \$1.70 for Mr. Orner's room. Announcement was made of the second toxoid administration on October 20 and of the coming blood bank visit and need for more donors. The sum

of \$7.35 for a first aid kit and record book was ordered paid and \$5 voted to the Lander Sunshine Club. Tuning and repair of the pianos will be taken up as a project.

Mrs. Frank Wilcox and Daris Bracey were in charge of the program, which included solos by Alice Fehlman, a talk on Nurse's Aide work by Laura Deming, play by pupils of the Thompson Hill school, talk on "Columbus Day" by Chester Baird and group singing. Mr. Orner read a letter from Superintendent John G. Rossman of Warren turning over the money to the motion picture fund. To

conclude, refreshments were served by Mrs. Margaret Day, Mrs. Frank Wilcox, Mrs. Bert Van Ord.

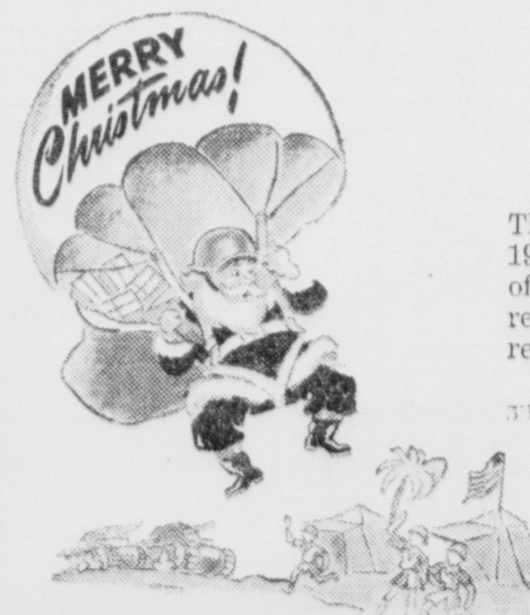

Chief of Police George J. Christoph of Erie, yesterday issued a warning to Erie business houses, particularly theaters, to keep a sharp lookout for "split" \$10 bills, two of which have been passed at motion picture houses here this week.
